Academic doubts

Most of These are ALL NoT-exam worthy doubts. whoever is having these doubts Needs to change their approach towards UPSC and other competitive exams, if they really want to complete the syllabus in timely fashion.

Pillar	Question	Answer
1A0	Sir aap jis din ho topic padhate hai uska page no. Bhi batadiya karo badme confuse hota hai kyuki hum apki book me se padhte hai	This much spoon feeding and hand holding is not possible. Person needs to make some level of self effort also. This is IAS exam coaching, not School exam teaching ki page number bhi teacher hi btaaye. Person needs to have some level of intellectual depth by himself also to correlate the topics between

		class and the book/notes. ये कड़वी बात है लेकिन मेरा ये बोलना ज़रूरी है तभी व्यक्ति ख़ुद के पैरों पर खड़ा होना सीखेगा जोकि competitive exam के लिए बहुत ज़रूरी है।
1A1	I searched on google and rupee 1 note mentioned as unlimited legal tender. However in your handouts, it is mentioned as limited legal tender	As per RBI, money that is issued under Coinage Act, and technically they are unlimited legal tender only up to certain transaction limits set by the Act — beyond that, they function more like limited tender in practice. Since Rs.1 note is issued under Coinage Act , ergo it is limited legal tender. My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results.
1A1	I'm outraged that my shopekeeper not accepting ₹10 coin, ₹50 paisa etc.	For MCQs, tick based on the information ginve in your handout. If you are so outraged by this coin matter and have lot of free time then complaint against those shopkeepers in police and Supreme Court, assuming that your syllabus is complete.
1A1	What is Govt wants to issue ₹5 currency note?!	They will have to amend the coinage act and RBI act in the Parliament
1A1	sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing???	in the museum if u find a demonetiized ₹500-1000 note it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act. but no longer legal tenders after Dec'2016. that's the interpretation as per theory. My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results.

1A1	if NACH is for pvt companies then how can government use it for MGNREGA?	it is not 'exclusively' for pvt companies. More importantly, this contrversy is outdated for the present situation. Therefore, I have deleted it from latest handout.
1A1	difference between UAE's IPP vs AANI	Sufficient to know these digital payment technologies beyond that we are not preparing for the IAS exam of UAE so move forward to nxt topic.
1A1	2026 UPI vs CBDC PYQ mein counter arguments	I have explained this 2026 UPI MCQ both in the lecture and latest handout, read it peacefully. Ultimately, it (CBDC) is in the experiment state, so what RBI said in press release vs what UPSC asked…. There is open to lot of debate depending on interpretation, but thankfully, we have to find the wrong statement and the most wrong statement is that e-rupees the liability of RBI. so mater is settled. I have taught the things as the governor explained in the press release. If you further counter arguments, please call up RBI Governor, and tell him to grab the collar of the UPSC professor who has asked it in different context contradicting what RBI governor has said in the Press release.
1A1	permanent deletion of transaction e-rupee become anonymous but in notes CBDC its imp traceability increase reduce anonymity both are diffrent	Depends on what programming features are added, for what purpose example when government release the money for subsidy, they will add the programming to track it.
1A1	sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing???	in the museum if u find a demonetiized ₹500-1000 note it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act. but no longer legal tenders after Dec'2016. that's the interpretation as per theory. If there is an RBI notification that says something different, then there is case for rethinking, otherwise google has tonnes of stuff that will contradict with what we are studying. If aim to complete the syllabus by December. You need to stop this Google search Time waste.
1A2	SIR IN M0 CONCEPT , IF RBI PAYS IN RUPEE FOR DOLLAR TO	"For M0 to M4, What was the important for exam is explained in class.

	FORIGNER SO IT INCREASE CIC/ RUPEE IN FOREIGNER'S HAND , SO IS THAT COUNTED IN M0 OF OUR INDIAN ECONOMY ? "For M0 to M4, What was the important for exam is explained in class.	Beyond that where do we doing X/Y/Z thing/variable or not? = is not important for exam / useless PhD थोड़ा-पढ़ो-आगे-बढ़ो Because then we will have to convert this five month course into 5 years composite BA-MA Economics program and yet that will not increase the probability of getting more marks. "
1A2	M0-M4 you are formula not matching with CDS exam	like i mentioned in HDt that for M0 to M4 RBI vs NCERT formula different and I'm not teaching RBI formula for poor ROI
1A2	M3=CC+DD+TD but in CRR me aap M3 me keval DD add kar rahe hai	Bhai M0 alag cheez hai, M3 alag cheez hai, money multiplier formula alag cheez hai. Why CRR is at one place and not another = because they are different things. Please watch all the five lectures again.. Especially the boat, example of money multiplier.
1A2	sir can you plz explain me m0 m1 m2 m3 m4 concept again it is to confusing	It is explained to the Best of my ability in the live classes. I cannot make it more simpler than what I already done there in a text box. so, Please watch all those lectures and make those notes we made in the live class. If still not understood, then probably one should think of lower level exams and other careers because ultimately IAS Exam also enquiries person to have some level of intellectual depth. 0 se hero nahi bnaa sakta koi coaching-walla.
1A2	1) In monetary economics, Narrow Money (M1) is defined as CU + DD (Currency with Public + Demand Deposits). 2) Does Demand Deposits (DD) include Current Accounts?	1) yes, Narrow bcoz small in size. 2) please check your notes. have we not written that both current account and savings account both are part of demand deposits? Then Why are you having this question? It means you have not studied the things properly. Please watch the lectures again. I cannot provide one on one Tuition like this.

	3) How are Mobile Wallets (like Paytm or Amazon Pay as they are stored in bank under company name), e-RUPI vouchers, e-Rupee (CBDC), and Gift Cards classified within M1? 4) How does the central bank (RBI) estimate the total cash held by the public (CU) in the background?	3) ultimately, that money wallet money is sitting in someone's bank account. It'll get counted there. 4) RBI will Do It by collecting the data and updating their excel sheet. Why should we bother for it? We've studied exam worthy matters and formulas, now plz move to next topic, If you value your time and want to finish the syllabus by December
1A2	when government demontized 500 & 1000 currency note in 2016 money multiplier decrease but when Government withdraw 2000 rs note in 2023 money multiplier increase...why?	We can go into that Phd on timeframe of events, quantum of money issued in those currency notes, compounding effect of GST in 2017 etc, but it is not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो.
1A2	System Deficit liquidity . sir if RBI wants to fight inflation than why he should move towards system deficit liquidity , jbki sir deficit hone ka matlab h ki rbi gave more loan on repo / msf.	Depends on the chain of events, on what has happened and what RBI wants to accomplish. For McQ, we only need to memorise the formula otherwise no end to chicken egg relationship in it
1A2	Good morning Sir, Hope you are doing well. 1. Sir aapne Transaction demand + speculative demand= total demand for money mein inko affect karne wale kuch factor btaye the sir mujhe ye samjh nhi aaya ki wo factors kisko affect karenge kyunki aapne dono ke baare mein btaya tha (TD& SD) , affect to wo total demand of money ko hi karenge at the end. 2. Sir jab govt. RBI ke pass Note chhutte karane jaati hai to wo RBI ki liability kyun hai means RBI ko to badle mein utne hi paise mil rhe hai jitne use dene hai for ex- agar hum kisi shop par exchange karte hai to wo bhi hume 500= 100x5 note de dete hai to vha phir wo shopkeeper ki liability hai ??	(1) Both the topics are explained sufficiently in the class unless person wants to overthink and overcomplicate, then it cannot be helped. जितना पढ़ाया है उस पर एक एक स्लाइड के हिसाब से ग़ौर करिए आगे पीछे पूरी दुनिया में क्या हो रहा है उसका सब जोड़ने मत बैठिए। (2) currency notes are liability of RBI not shopkeeper.
1A2	Sir Now governor of RBI is Sanjay Malhotra but your image showing Shaktikanta Das . Please sir rectify.	I have already issued the clarification on top of 1A2-B handout ke this is the name of the new governor, but it is not possible for me to change so many graphics with the name/face of new governor in PPT and Handouts. I would hope that IAS aspirants are intellectual and mature enough to manage it.

1A2	your M0-M4 formulas not matching with XYZ other books	Stick to formula taught in my course for exam purposes. There are many ways to write the same formula by clubbing certain variables into certain categories, but बाक़ी कौन सी किताब में क्या लिखा है ये सब में compare contrast करने बैठो तो सेलेब्स ख़त्म नहीं होगा it will only increase your stress without increasing your score.
1A2	Sir apne lecture m bola as per ncert and rbi crr slr agr ⬆️ hoga to inflation auto!atic ⬇️ hoga. But at current hardly some cases of being dependent of loans for purchasing basic things like food etc but Asa m agr petrol prices ki bt kru to Hume mtlv gao m jb asa lgta h kisi chiz ka price badh raha h achanak se to hum usko consume krna khud se decrease kr dete h and I genuinely had this doubt relating to real life situations don't take as if I want to bother you unnecessarily and also correct me if I this wasn't valid as it will limit me on how much I have to be within	You are mixing up the concepts of microeconomics regarding the prices and demand of individual products vs the macroeconomics topic of monetary policy. RepoCRR/SLR → inflation relationship works through the credit/liquidity channel: higher CRR/SLR → banks lend less → less money in circulation → demand-pull inflation eases over time. This is a monetary-policy tool and works with a lag, not instantly. Other limitations of the monetary policy are also given in the last part of the 1A2 handout. stick to the repo/CRR/SLR-inflation transmission mechanism as taught in the class If you want to get the McQs correct
1A2	sir, if currency in circulation increased- M0 Increase but at the same time M3 i.e, money supply with also increase , so MM will also increase according to the formula or it depends on the rate ..like kaun zyada change hua .... Is it correct ?	Money multiplier depends not only on the formula, but also on the factors as we learned through the example of the boat speed. So there is no end to what if and but why in X Y and Z situations…please move to next topic, if u value ur time.

1A2	Hello sir. In your Saturday's class, you explained a topic of "Incremental CRR". I just had a question regarding that. In that concept, you said that RBI put an additional 10% CRR on the extra 2000 notes that were being deposited. But if 2000 notes were being deposited, RBI would also be returning the same amount to customers (let's say 200*10 or 500*4), right? so the net amount that the banks had with them would stay the same, wouldn't it? only increase would be because of the black money maybe. I'd be grateful if you could provide more clarity. Thankyou...	What was the important for Exam is already explained. Now How they would calculate it in real life and why x not y and other phd questions are not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो.
1A2	Sir I am confused between these simillar words - inflationary, deflationary , tight, easy, expansionary, contrary for monetary supply. So please clear the difference between these words as earlier also in school and college I used to got confused between these words, Concept is clear but words are quite technical	Sufficiently explained in the live-class to best of my ability. I can't simplify it more here in the text.
1A2	Sir as RBI has condition to issue money as ASSET=Liability So is there also any condition for govt to issue coins and 1 rs note ? or is it on will and demand of govt. & Money ?	How much quantity of money can government issue in the form of coins? Well that much analysis of coinage act It is not given in the books, so I did not bother to become James Bond and search for it, after seeing PYQ trend
1A2	1. Any rules for bank that they must keep x% amount for hault cash.? 2. How we say 500 and 1000 rupee note is fiat money ? Recent time they dont have any value .	there would be RBI technical rules for vault cash management . I did not bother to Phd for it after seeing PYq 2) if u find them in museum- what will you call them? Non-fiat money? Despite the fact that they were issued under the RBI act by RBI!
1B2	In Pillar #1B2 (Page no:158) In IBC Code:Appeal structure table for individual or partnership case the appellate authority is given in the handout	14.15.1 1 IBC Code: Appeal Structure page158 table of PCB16 is correct and verified from official manual. there is

	is NCLAT.The appellate authority is Debt Recovery Appellate authority or NCLAT in the case of individual person or partnership firm.which is correct?	no typing mistake in it. individual person or partnership firm- 1st level is DRT, 2nd level is NCLAT, 3rd level is SC.
1B2	ECL framework 2027 ,the amount that the banks require to keep aside for the Defaulter loan,does it count as its own assets? Will the bank if yes then how it is different from SLR n CRR.	This much technical stuff about ECL framework, not important for exam after seeing PYQ
1C	you said tata (ratan tata) is an angel investor, but facebook is not an angel investor, but my doubt is Mark is the founder of facebook, then why we will not consier facebook as an angel investor ??	Angel investor is a specific term for an individual (usually a wealthy person) who personally invests his own money into a very early-stage startup, in exchange for equity or convertible debt — done outside of any formal company structure. Mark Zuckerberg founded Facebook, he did not invest his own personal money into whatsapp. facebook company invested money in whatsapp company— so he does not fit the angel-investor definition for Facebook itself.
1C	SDF (Special Drawing Facility) should be classified as secured loan? Since the State Government keeps Government Securities (G-Secs) as collateral for SDF, you have mentioned it as unsecured in the table.	Page 187 (PCB16)- i've written 'usually unsecured'. not 'always unsecured'. and yes In general sense, all money market loans are unsecured. however, repo, SDF loan to state are very few exceptions where some collateral may be given. so, There is no need to fuzz over this pedantry too much. you've to tick based on what is asked in the options. if MCQ statement says that money market instruments are unsecured in nature, then you have to ticket correctly because they are asking it in general sense. if they specifically ask in context of a particular instrumental, then you have to tick accordingly There is no need to read every line like some kind of Supreme Court lawyer to

		find the faults and exceptions in every word. Otherwise, you will get the answers wrong.

			Geography as optional, So Sir I want to ask my syllabus is running on time or Otherwise how can I cover entire before December	many other subjects of GS pending then 2027 feels thodaa though hai. Because it will require a lot of memorisation of the places for the mapping questions within geography, optional subject, and ideally optional need to be finished by December or maximum February. So fix daily hours for the optional right now and do not keep deferring it. Please go through my advice in the PCB16 Orientation Class (16th July 2026): • 20m: Deadlines to complete syllabus by December-end • 21m: Time management with college/job, too many daily lectures • 28m: Which subject to complete first Class URL: https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R Rule of thumb: • Limit lectures to 5 hours/day; use the remaining time for reading/self-study. • Beginners should prioritise core theory (history, geography, polity, economy) over daily current affairs. • Complete major milestones: optional by December 2026, most GS (Prelims + Mains) by Feb/March 2027. ⚠ Optional subject is 500 marks in Mains and it is very lengthy. You MUST carve out time for it. Do not keep deferring it. Target: complete optional by December 2026. • If you have a paid optional subject subscription, complete it first.

There are no extra fees for Unacademy batches; it is like managing a Netflix watchlist. • Use free NCERT audiobooks while travelling: https://ciet.ncert.gov.in/audio-books • Limit newspaper time to 30 minutes and skip daily current affairs videos; focus on theory. • Mains 90 Days Roadmap: https://youtu.be/DRorb5TquXA?si=N3IQebV2Ks879SiV If you can finish within these milestones, you are on time for 2027; otherwise plan for the next attempt in 2028.
24/09/2026 00:50:02	D10070	Akanksha Bhardwaj	Namaste Sir,Sir please help me I'm feeling like I'm not giving 100% to upsc prep. Actually I'm a regular college student. I come home around 3PM and after that I get tired and sleep then I wake up at 5PM then I start studying as I'm also working on plan B so I'm learning data analytics course from Coursera. So sir I'm not able to fix my schedule accordingly. Currently,I'm studying economy and physical geography earlier I was studying polity ncert from aayushi munjal ma'am but unable to understand that's why I switched to physical geography.\n\nSir how to make a timetable so that I'll focus on both but mainly I want to clear upsc only. And sir is it right to work on plan B also? My target year is 2029.\n\nI'll be very grateful to you if u guide me.	This is a common problem for regular college students, and it is fixable. For the schedule and the tiredness after college, please watch: • Time management - general: https://www.youtube.com/watch?v=YEOXocexr2Y • Time management - specific division of time for each subject: https://www.loom.com/share/74219a650e4c4538afa2f60875c1f503 • Unable to focus in studies / feeling sleepy: https://youtu.be/0UvY-cCp0Mk Please go through my advice in the PCB16 Orientation Class (16th July 2026): • 20m: Deadlines to complete syllabus by December-end • 21m: Time management with college/job, too many daily lectures • 28m: Which subject to complete first Class URL: https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R

Yes. With a 2029 target you have a long runway, so a Plan-B skill is sensible, as long as UPSC keeps your main study hours and the Coursera course stays in a fixed, limited slot. For Plan-B options in detail, watch from the 26 min onwards: https://youtu.be/t4oivH9xI4o?t=1570&si=xZ4FDDW04Bszy8vd

				Use your college time for these as well: • NCC/NSS/debate or other extra-curricular certificates for your interview biodata. • Scoring at least a first class (55-60%) in college exams, because many Plan-B exams like RBI Grade-B / UGC NET need it. • Preparing CSAT/maths for Plan-B exams like Bank/SSC/AFCAT/CDS/CAPF, and keeping an Excel file of the last 2-3 years of UPSC papers for trend analysis. Since your target is 2029: if your subscription comfortably covers you till 2029, you may choose to wait for a more recent economy course closer to your attempt and focus on other subjects in the meantime. If it expires within a year, finish PCB16/QEP9 now; you will get free annual updates later via Win27, Win28 and so on (these pages are not yet live). All the best.

24/09/2026 13:54:43	D10074	sejal	\n\nsir mera 1st attempt 2027 me hai \n\nMeri abhi basically major problems hain:\n\n1. PYQs ka issue:\nMaine Polity ke Prelims PYQs solve kiye aur surprisingly ho gaye. Laxmikanth, Class 11 book & Sid Sir ne jo padhaya hai unhi cheezon se Que relate ho gaye\nBut jab maine Mains ke PYQs dekhe to mujhe literally samajh hi nahi aaya ki questions pooch kaha se rahe h & ye cheezein padhni kaha se	Mains questions are analytical, not direct recall. So you will not find a one-to-one match between a Mains question and a book chapter the way you did for Prelims Polity. Mains PYQs are meant to show you the demand of the question and the dimensions expected, not to tell you what to read. The content itself comes from completing the syllabus. So yes, analyse the Mains PYQs, but in this way:

date	sr	name	Q.	ans.
			thi Aisa laga ki syllabus/books/classes se direct link hi nahi mil raha\nTo Mains ko actually kaise approach karu?\n Kya Mains PYQs ko pehle topic-wise analyse karke unke answers/required dimensions samajhne chahiye? Aur ye questions kaha se prepare karne hain ye kaise identify karu?	• Go subject-wise and topic-wise, not paper-wise. Paper-wise mixes subjects and hides the pattern. • Pick a PYQ only after you have completed that particular subtopic. Random PYQ practice without topic coverage is not helpful. • Brainstorm the last 3-5 years' questions and see model answers to understand the dimensions: https://www.youtube.com/playlist?list=PLwYR7WJw1-QWw2l-GA5DVW0EThFRkORf8 • Download topic-wise PYQs here: https://unacademy.com/content/upsc/downloads/ For economy, complete the Mains economy course (QEP9, now running) after the matching Prelims pillar. It gives you a grip over one subject's answer writing, and then you can replicate the skill across other subjects. Ek din mein kitna aur kaise padhu:\nMera syllabus abhi complete nahi hua hai especially Mains ka aur mujhe lag raha hai ki time ko maximum utilise karna padega.\nMere paas roughly ye study windows hain:\n5 AM–2 PM\n3 PM–8 PM\n9 PM–jab tak neend aaye.\n\nMain chahti hoon ki Sociology + Economy + Polity + CSAT +	Do not try to cover all five every day. Two to three subjects a day is the realistic limit; pick them and rotate. Keep lectures within 5 hours a day, and use the remaining time for reading and self-study. Current affairs does not need a daily block; limit the newspaper to 30 minutes.

For dividing your hours subject-wise, please watch: • Time management - specific division of time for each subject: https://www.loom.com/share/74219a650e4c4538afa2f60875c1f503 • Time management - general: https://www.youtube.com/watch?v=YEOXocexr2Y Please go through my advice in the PCB16 Orientation Class (16th July 2026): • 20m: Deadlines to complete syllabus by December-end • 21m: Time management with college/job, too many daily lectures • 28m: Which subject to complete first Class URL: https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R Rule of thumb: • Limit lectures to 5 hours/day; use the remaining time for reading/self-study. • Beginners should prioritise core theory (history, geography, polity, economy) over daily current affairs. • Complete major milestones: optional by December 2026, most GS (Prelims + Mains) by Feb/March 2027. ⚠ Optional subject is 500 marks in Mains and it is very lengthy. You MUST carve out time for it. Do not keep deferring it. Target: complete optional by December 2026. • If you have a paid optional subject subscription, complete it first. • If you are struggling with batches, unenroll and focus on 2-3 subjects daily. There are no extra fees for Unacademy batches; it is like managing a Netflix watchlist.

24/09/2026 13:57:03	D10076	sejal	my attempt in 2027\n.. Overall meri preparation ki problem:\n\n- Syllabus abhi complete nahi hai.\n- Mains answer writing start nahi ki hai\n- Mains PYQs dekhkar samajh nahi aata ki questions ke liye exactly kya padhna hai.\n- Prelims PYQs comparatively samajh aa rahe hain, but Mains aur Prelims ke preparation approach ka difference clear nahi hai.\n- Ek din mein bahut saare subjects cover karne ki koshish karti hoon, but kuch bhi properly complete nahi hota.\n- Revision ke liye bhi proper time nahi nikal pa raha.\n- CSAT abhi start nh kiya\n\n\n.\n.\n.\n- Sabse badi problem ye hai ki mujhe lagta hai ki main bahut kuch karna chahti hoon, isliye ek cheez bhi properly finish nahi kar pa rahi \n\nMujhe basically ye samajhna hai ki abhi meri priority kya honi chahiye, Mains ko kaise approach karu, aur apne available hours mein realistically kya-kya fit karu.	Please also see my replies to D10074 (Mains PYQs) and D10075 (daily hours). Your real problem is trying to run too many things at once. Do not get pulled into revision loops before you have covered all subjects once. First gather the building material; the plaster comes at the end. The trap is this: three months on subject 1, then revision, then subject 2, then you forget subject 1, and you never reach subject 12 (the total number of Prelims + Mains subjects). So your priority is: • Focus direction: Optional subject + remaining GS subjects + CSAT + QEP9 (economy). • Revision: start Prelims revision from February onwards and Mains revision from June onwards. Till then, the goal is one complete pass through every subject. • Mains answer writing: do not start it now. It needs the syllabus completed, 2-3 revisions with spacing, and 4-6 months of newspaper reading. Till then, if you want a habit, write one paragraph a day from a newspaper column or a lecture. • Mains vs Prelims: Prelims is about memorising facts and eliminating options

date	sr	name	Q.	ans.
				in MCQs. Mains needs command over content, vocabulary and dimensions to write analytical answers. That is why Mains PYQs look disconnected from your books right now; they will start connecting once the syllabus is complete. • CSAT: you have not started it, so please watch the 1h35m timestamp of the Orientation Class below (CSAT observations and tips). Optional: your Honours subject is Maths, so Maths is the natural choice for you. Maths is considered among the top five best performing optional subjects. Studying at a local university makes no difference to UPSC; plenty of people from non-reputed colleges have made it to IAS. Also check whether your Maths degree makes you eligible for Plan-B exams like the Indian Statistical Service. If it does, that is one more reason to stick with your graduation subject. Ultimately, for a competitive exam, you have to mug up the things. There is no need to overthink all this. There is no optional subject where you will like all the

Read newspaper columns (any single newspaper) for at least four months to build vocabulary and ideas. BPSC: I cannot make specific comments but tends to be very facual-gk type Qs so needs separate dedicated ratta-fication/mugging. Make an Excel file and do topic-wise PYQ analysis of BPSC papers. Use these twice-monthly Win27 classes as the vehicle for this round of revision. • Final glance before Prelims: glance over the index pages of each chapter. Only if you cannot remember something, go through the actual content. • If you do more than this number of revisions, it is not going to improve your score, but it is going to reduce the time available for finishing other subjects. फिर भी आपको याद नहीं रहता तो अपने शब्दों में लिख लिखकर नोट्स बनायीये।

The last one year's exam trend shows current affairs is not very decisive for clearing cutoffs, because the majority of MCQs are either pure theory or 2-5 year contemporary issues, not fresh/daily current affairs. Then: • Your first priority should be to complete subjects such as economy, polity, history, geography, environment and science. • All the good teachers already incorporate a large amount of current affairs inside their courses, for example my economy course. • Beyond that, only a very small amount of current affairs needs to be prepared by yourself, and even that is covered free of cost through special classes, e.g. my Win27 series next year for economy (mrunal.org/win27 will exist in future; this page is not yet live). • Additionally, you can take help of the monthly current affairs magazines such as this: https://unacademy.com/content/upsc/downloads/ • For completing the current affairs of earlier months, ideally for pre-2027, you should read the magazines from 1/1/2026 onwards. • There is no need to make notes out of current affairs as such, because most of the free monthly magazines will be covering it. However, if you find some unique information relevant for your optional subject, interview questions related to your graduation or your domicile state, or Ethics or Essay, then you should note it down from the newspaper. Otherwise there is no need to note

date	sr	name	Q.	ans.
				it down. • Keep the habit of reading newspaper columns for at least four months to cultivate vocabulary. • English medium: Indian Express / The Hindu (any single newspaper, not both). • Hindi: Jansatta. To improve yourself, you can also buy The Hindu book of editorials, which is available on The Hindu publication's website. • Lastly, how to handle the newspaper effectively: https://youtu.be/boW-QoExVsc?si=lKGnyT2BsZq-AsDG Since your reading is taking 2-3 hours, limit your newspaper time to 30 minutes. Should I watch daily current affairs videos or not? Unacademy is like a five-star hotel, so it provides all the facilities depending on the requirement of the customer. For example, if a welcome drink is given in the lobby and you are not thirsty, then you do not have to drink it. If you are thirsty, you should drink it. Similarly, a repeater student who has already completed the theory subjects and only wants to update himself with daily current affairs may require daily current affairs classes. You do not.

The handout is fact-dense, with current affairs and PYQs at the bottom of each section, so a slow first reading is normal. Revision is much faster: every chapter has 3-4 pages of index, and

date	sr	name	Q.	ans.
			dekhe jo bar bar batch join krte h mujhe esa Krna chaiye ya revision Krna chahiye instead of bar bar dekhne ke lecture jinki rank 1 aayi h poll m mujhe esa lgta h m 8 9 ghnte pdhle bhi piche hi hu sir unhe bhiya or didi ko dekhr \nMujhe y jan na h agr mene kese polity khtm Kiya to kya mujhe dobara polity ka batch join Krna chahiye ya nhi revision k liye jese or krte h\n	you only open a section if you cannot recall a topic from the index. • Do not rejoin a batch for revision. Revision means reading your own notes, handout or book, not rewatching lectures. Watching the same lectures again will eat the time you need to finish your other subjects. So once you finish Polity, revise it from your notes or book. The majority of revision is to be done in the last 3 to 4 months before Prelims (Prelims revision starts from February onwards). Your first priority is to complete all the subjects once. Do not judge yourself by what others are doing or by who is ranking in polls. Follow your own plan.

Please keep these points in mind: • Beginners should prioritise core theory subjects (history, geography, polity, economy) first. • Major milestones: optional by December 2026, most of GS (Prelims + Mains) by Feb/March 2027. • If you cannot complete everything by then, shift only some of the less important topics to post-Prelims (June), for example world history, post-independent India. 				overview, the facts need to be memorised from the handout), b) overthinking / hair-splitting, c) not reading the words carefully, d) silly mistakes like an incorrect statement is asked but the correct statement is ticked, e) mind stuck elsewhere. After each test: Your Attempts → View Solutions. Check which reason caused each confusing question, and fix that. Ultimately, it requires memorisation of facts and concepts. Tricks cannot carry a person through every UPSC MCQ. No need to feel demotivated; multiple revision and multiple practice is the real solution.
26/09/2026 11:11:45	D10092	Pooja Gupta	Sir I have done my graduation from economics honours, I am highly confused in choosing optional subject in mains because my professor said that economics is a highly time taking subject so may be other people who have taken other subjects like history, polity will revise syllabus earlier even I feel that it is more time taking subject, sir but I have interest on economics but I am also confused please help me to decide	Since Economics is your graduation subject, take Economics. You already have the base, so you will save time and money on new books and notes, unlike others who will start History or Polity from scratch. If you later add a Master's in Economics, you also become eligible for the Indian Economic Service (IES) exam as a Plan-B. Your professor is right that it is a lengthy subject, but every optional is lengthy. Every subject has senior players with 2-3 attempts who have read many library books to write better answers than you. Even a 'smaller' subject requires going the extra mile. Ultimately, for a competitive exam, you have to mug up the things. There is no

26/09/2026 11:23:50	D10093	RIYA	Sir i completed one topic in last 1 month of psir 50% concepts i am able to recall but some keywords i totally forget it feels like new - this time for 1st revision of all notes:\n1st read the teacher notes then try to attempt pyq i write it but not able to fulfill word limit and 50% content is relevent only. then i read my own hand written notes \n	Forgetting half of it after one month is normal. That is exactly why revision is planned in multiple rounds, minimum 2 to 3 revisions with adequate gaps between them. Do not judge yourself by the first revision. Also, do not use PYQs as a recall test right after reading. First revise the topic until you can recall its main dimensions, then write. Not completing the word limit and having only 50% relevant content is expected at this stage, because answer writing needs command over content and vocabulary. Start at school-drama level, then compare your answer with model answers of that PYQ and add the missing dimensions to your own notes. For keywords you keep forgetting, write them in your own handwritten notes in your own words. फिर भी आपको याद नहीं रहता तो अपने शब्दों में लिख लिखकर नोट्स बनायीये। For PSIR-specific answer-writing method, follow the guidance of your optional teacher: https://unacademy.com/content/optional-educators/

26/09/2026 18:31:37	D10096	Karuna Shankar Pathak	Sir can I use this data in question of tax avoidance or somewhere else in GS2 :\nA paper published by Venkatesh Nayak, a senior researcher at the Commonwealth Human Rights Initiative that :The study found that, over the last decade, the exchequer 'lost' *11,813 crore in taxes due to exemptions for political donations, with individual donors and Hindu Undivided Families overtaking corporates in donating to political parties.\nWill it be considered genuine I found it from the Hindu also want to ask how to know that which data one can use and role of writing data in answer if I don't write it where	When You're sitting in real Exam of GSM3, then economy is not single subject. There are 4-5 other subjects also in GSM3. And the probability of a question on black money tends to be very rare in the mains exam, so I would not advise you to tire yourelf over walking extra mile to memorise more data sets for this topic beyond what's given in hdt. Role of data: it is a value addition, not a requirement. A good answer is built on the right dimensions and structure. If you do not write a data point where it could fit, it will not create a negative impression, but a wrong number will. One or two relevant data points per answer are enough.

26/09/2026 18:56:12	D10097	Megha Chakraborty	Sir, I'm watching your lectures for the first time and I'm getting avg. 70% marks in prelims mock tests. I'm not able to memorize the facts at the time of mains mock and I didn't write in any mains mock because I'm not able to rearrange the facts. How will it be solved?	A 70% average in Prelims mocks while watching the lectures for the first time is quite good. Mains is a different skill from Prelims. Arranging facts into an answer needs command over the content and the vocabulary, which comes only after the syllabus is completed and revised at least 2 to 3 times with gaps. So it is normal that you cannot do it right now. Start with school-drama level performance: write one paragraph from whatever you have understood from a lecture or a newspaper column. • Do these five exercises: https://youtu.be/vcmcoz1k_14?si=STZdrOEy3YIvswiD • Avoid these seven mistakes: https://youtu.be/FL58boY57gU?si=Hh9kTGdVXurSrE56 For economy, complete the Mains economy course (QEP9) after the matching Prelims pillar. It gives you a grip over one subject's answer writing. Pick a PYQ only after you have completed that subtopic. Please try to write the next QEP9 Mains test (Pillars 2 & 3, 14th October) after watching the corresponding classes, even if your answers are imperfect. Not writing gives you no feedback.

There is no need to read the whole newspaper. Please keep these points in mind: • Limit your newspaper time to 30 minutes. Keep your mornings for subject study and fix the newspaper in a separate slot. • Keep the habit of reading newspaper columns for at least four months to cultivate vocabulary (any single newspaper, not both The Hindu and Indian Express). • There is no need to make notes out of current affairs, because the free monthly magazines cover it: https://unacademy.com/content/upsc/downloads/ Note down something only if it is unique information relevant for your optional subject, Ethics or Essay, or interview questions related to your graduation or domicile state. • How to handle the newspaper effectively: https://youtu.be/boW-QoExVsc?si=lKGnyT2BsZq-AsDG
27/09/2026 20:39:44	D10100	Jaydeep Upadhyay	Pranam Sir,\n\nThis will be my first attempt at UPSC CSE in 2027. Coming from an IIT engineering background, CSAT isn't a concern for me, and I'm following your Economy lectures regularly to wrap up by December 25th as planned.\n\nRight now, I have wrapped up Ancient, Medieval, and Modern History with Pratik Sir. I have decent command over Ancient and Modern through revision, and I'm revising Medieval for an hour every day. For Polity	Yes, your instinct is right. The target is to complete most of GS (Prelims + Mains) by Feb/March 2027. Whatever cannot fit should be shifted to post-Prelims (June), for example world history and post-independent India. So park the Mains-heavy portions (World History, Post-Independence India, Governance, Disaster Management and the Mains-only part of Human Geography) and cover the Prelims overlap first. For the next three months:

			with Siddharth Sir, I've completed almost all Prelims-oriented portions like Articles 1–51A, Parliament, and Judiciary, with about 15 lectures left. In Geography, I've finished Physical and Indian Geography, and my Sociology optional is going smoothly with 1–2 hours of class daily.\n\nLooking ahead, I still have Art & Culture, Post-Independence India, World History, World Mapping, Human & Economic Geography, Environment & Ecology, Disaster Management, and the Mains Governance portion left to cover. Given that time is limited before the dedicated Prelims phase begins, should I completely park the pure Mains-only topics like World History, Post-Independence, Governance, Disaster Management, and Human Geography for after Prelims, and strictly focus on the Prelims overlap right now? How would you suggest I structure my focus over the next three months up to December or January so that I build a solid foundation for the 2027 Prelims without spreading myself too thin?	• Keep Sociology (optional) on track for completion by December 2026. It is 500 marks in Mains and very lengthy. • Economy will finish with PCB16 on 14th December. • Finish the remaining Polity lectures, and cover Environment & Ecology fully, since it is core Prelims. • Keep Art & Culture for closer to the exam. It lives mostly in short-term memory, so doing it now risks forgetting it by exam time. • Take only the Prelims-relevant part of Human & Economic Geography and World Mapping for now. • Do not get pulled into revision loops. Revising Medieval History for an hour every day will eat time you need to finish the remaining subjects. First gather the building material; the plaster comes at the end. Prelims revision starts from February onwards and Mains revision from June onwards. For more, see the PCB16 Orientation Class (16th July 2026): 20m (deadlines), 28m (which subject first), 41m (GS subject-wise observations and booklist), 1h26m (how to change your approach after the tough Prelims-2026 paper): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R
27/09/2026 21:03:54	D10101	Vishal Sharma	Sir everything is working fine i will complete preparation for prelims and most subject of main by jan feb and sir from your side you cover current affairs in win 27 and in class also , but sir other teacher dont cover current affair in courses what to do for that ,this is only doubt for next yrs?	Please go through my advice at the 14m timestamp in the PCB16 Orientation Class (16th July 2026): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R Key point: Beginners should not waste time on daily current affairs lectures; focus on theory first. The last one year's exam trend shows current affairs is not very decisive for clearing cutoffs, because the majority of MCQs are either pure

				theory or 2-5 year contemporary issues, not fresh/daily current affairs. Then: • Your first priority should be to complete subjects such as economy, polity, history, geography, environment and science. • All the good teachers already incorporate a large amount of current affairs inside their courses, for example my economy course. • Beyond that, only a very small amount of current affairs needs to be prepared by yourself, and even that is covered free of cost through special classes, e.g. my Win27 series next year for economy (mrunal.org/win27 will exist in future; this page is not yet live). • Additionally, you can take help of the monthly current affairs magazines such as this: https://unacademy.com/content/upsc/downloads/ • For completing the current affairs of earlier months, ideally for pre-2027, you should read the magazines from 1/1/2026 onwards. • There is no need to make notes out of current affairs as such, because most of the free monthly magazines will be covering it. However, if you find some unique information relevant for your optional subject, interview questions related to your graduation or your domicile state, or Ethics or Essay, then you should note it down from the newspaper. Otherwise there is no need to note it down. • Keep the habit of reading newspaper columns for at least four months to cultivate vocabulary. • English medium: Indian Express / The Hindu (any single newspaper, not both). • Hindi: Jansatta. To improve yourself, you can also buy The Hindu book of editorials, which is available on The Hindu publication's website.

				• Lastly, how to handle the newspaper effectively: https://youtu.be/boW-QoExVsc?si=lKGnyT2BsZq-AsDG So your plan is fine. Beyond what each course covers, only a small amount of current affairs remains, and that is handled by the free monthly magazine and the Win27 series for economy. Should I watch daily current affairs videos or not? Unacademy is like a five-star hotel, so it provides all the facilities depending on the requirement of the customer. For example, if a welcome drink is given in the lobby and you are not thirsty, then you do not have to drink it. If you are thirsty, you should drink it. Similarly, a repeater student who has already completed the theory subjects and only wants to update himself with daily current affairs may require daily current affairs classes.
28/09/2026 10:21:22	D10102	Divyani Ade	sir how to write mains answer accourding to topicwise pyq	Go subject-wise and topic-wise through the Mains PYQs, not paper-wise. Paper-wise mixes subjects and hides the pattern. Pick a PYQ only after you have completed that particular subtopic. Random PYQ practice without topic coverage is not helpful. Download the topic-wise PYQs here: https://unacademy.com/content/upsc/downloads/ Before writing, brainstorm the question and then compare with model answers to see the dimensions expected: https://www.youtube.com/playlist?list=PLwYR7WJw1-QWw2l-GA5DVW0EThFRkORf8 For economy, complete the Mains economy course (QEP9) first. It gives you a grip over one subject's answer writing, and then you can replicate the skill across

				other subjects. Format: GS papers are mostly written in bullets; the Essay paper mostly in paragraphs. • Do these five exercises: https://youtu.be/vcmcoz1k_14?si=STZdrOEy3YIvswiD • Avoid these seven mistakes: https://youtu.be/FL58boY57gU?si=Hh9kTGdVXurSrE56
28/09/2026 16:50:25	D10103	RIYA	Question samajh aa rha h . Answer form kar rhe h. But it looks like story rather than mains answer after checking with model answer . Model answer and my explaination is similar but but vocab of model answer looks polished and mine looks like normal conversation . How could i improve it. And also i am not able to fulfill word limit of answer my answer is over in 1A4 size sheet. So how could i work to improve it.	It is good that your understanding matches the model answer. That means your content is right. Three fixes: • Format: GS answers are mostly written in bullets with subheadings, not as story-like paragraphs. Paragraphs are for the Essay paper. • Vocabulary: it comes from reading. Use these sources: • NCERT Class 11-12 Sociology and Political Science • NCERT Class 11 India's Economic Development • Chief editor's preface in Yojana and Kurukshetra magazines • Introductions and conclusions of the Economic Survey chapters • Columns in The Hindu / Indian Express • The Hindu book of editorials • Word limit: if your answer ends before the word limit, you are short of dimensions. Before writing, brainstorm the question, then compare with the model answer and add the missing dimensions to your notes. This improves as you complete the syllabus, revise it 2 to 3 times with gaps, and read newspaper columns for 4 to 6 months. Do not worry if the first attempts look plain; start at school-drama level and improve.

28/09/2026 23:30:07	D10104	Dropati Choudhary	Sir, i want to ask that now I have comlpeted geography subject and now i am doing economy subject so which subject should I start next and when to start optional and csat. My attempt year is 2028. \nAlso how to remember economy concept in long term bcoz it is becoming difficult to remember all the facts.\nOnce i write complete handout of any one pillar i can remember more , and it is no possible to write whole handout so what can i do???	Next subject: beginners should prioritise the core theory subjects (history, geography, polity, economy) before anything else. Having finished geography and with economy running, polity and history are the natural next ones. For the deciding logic, see the PCB16 Orientation Class (16th July 2026): 20m (deadlines), 28m (which subject to complete first), 1h35m (CSAT observations and tips): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R Optional: for a 2028 attempt, the target is to complete it by December 2027. Shortlist 2-3 optional subjects first (Orientation Class 1h58m timestamp, and the Optional Teacher List: https://unacademy.com/content/optional-educators/), then start it alongside your GS subjects, not after them. Remembering economy in the long term: you cannot write out the whole handout, and you do not have to. The revision flow should be as follows: • Reading1: morning after the last night class • Revision1: before the weekly test • Revision2: before the Mega Test (100 MCQ from all the handouts) — 14th December 2026, end of PCB16 course • Revision3/4: February to May, paced via the free Win## series (Win27 starts February 2027, 2 classes per month till May) • Final glance before Prelims: glance over the index pages of each chapter. Only if you cannot remember something, go through the actual content. • If you do more than this number of revisions, it is not going to improve your score, but it is going to reduce the time available for finishing other subjects. फिर भी आपको याद नहीं रहता तो अपने शब्दों में लिख लिखकर नोट्स बनायीये। So write only what you cannot remember, in your own words, instead of writing

				the whole handout. Since your target is 2028: if your subscription comfortably covers you till 2028, you may choose to wait for a more recent economy course closer to your attempt and focus on other subjects in the meantime. If it expires within a year, finish PCB16/QEP9 now and get the free annual updates later via Win27, Win28 (these pages are not yet live). Now shift your focus to other subjects; more economy revision beyond this point will give diminishing returns.

29/09/2026 16:19:23	D10106	Riya	Sir from last 1 mock test of economy for prelims before participating in live test before i give test from previous batch of same topic . So its cheating/ wrong or because it improve my scores in live test. Because in last test i got 63.5 marks from piller c last test. its test of more than 100marks	since my previous course ke MCQ test has the same or similar questions, your live-test score gets inflated if u watch them before giving PCB16 test, and it will not show your real weak areas. That defeats the purpose of the test. So my suggestion is to give the live test first, as it is meant to be given. After that, use the previous batch's test on the same topic as extra practice. Ideally, try to be in the 50th percentile of the class. You can see your percentile in the student dashboard after completing the quiz. > I'm getting very poor scores in the weekly economic test on Wednesday. Please tell me how to improve it? • It takes some time to get used to the way MCQs are formed in UPSC. It basically involves changing of certain keywords and going to elimination method. • Once you get a hang of it becomes very fast to tick or skip the answers. • Those getting poorer scores are because • a) Not revising properly → Then solution is obvious =you have to revise

				more • b) Overthinking / Birbal ki Khichdi/engaging in hairsplittery/lawyer-LLB type mentality/ thinking outside the photo frame. • c) Not reading the words carefully • d) Silly mistakes like Incorrect statement is asked but they are taking the correct statement • e) Mind is stuck elsewhere in WhatsApp Telegram Netflix , fight with siblings/parents, love affairs & breakups. so person is reading the handout / MCQ but he/she's not absorbing it properly. I am sure you will do well. Just focus on the lecture, revise the handouts and give the weekly Tests in regular fashion and rectify mistakes. When the first four pillars are over you will automatically see the big picture how everything fits together in the whole syllabus. 29/09/2026 16:38:17	D10108	shivam	sir jo english me word hote unka direct hindi me likhna kha tak sahi hoga example finfluencers ka hindi translate likhna hoga ya normal hindi shi h	Do not translate English words into heavy, literal Hindi. If a term has a standard, commonly used Hindi equivalent, use that. If you have to coin a literal translation that even you cannot understand quickly, the examiner will not understand it either; it confuses more than it clarifies. For a modern term like "finfluencer" that has no standard Hindi term, explain it in simple Hindi, or write the English term in brackets once and then explain it. My Mains economy course (QEP9) contains the Hindi translation of the important keywords. Line-by-line translation of every sentence is not the goal. The real skill is to write your own thoughts in Hindi from the concepts you have learnt in English. To improve Hindi vocabulary for Mains: Hindi newspaper columns (Jansatta), selective NCERT Political Science/Sociology, NCERT Class 11 India's Economic Development, introductions and conclusions of the Economic Survey, Yojana and Kurukshetra chief editor's preface, and DD Hindi / BBC Hindi on YouTube.

When a foreign investor buys equity in an Indian company (FDI/FPI), that money coming in is recorded in the capital account. • Current account (invisibles, income): the dividend that the Indian company later pays to that foreign investor is income on the investment, so it is recorded in the current account, as an outflow. So the same shares show up in both accounts at different points: the purchase in

				the capital account, and the dividend in the current account. This is explained in Pillar 3A, BoP1 (27th September, current account) and BoP2 (28th September, FDI and FPI). Please watch them peacefully again. If it is still unclear after watching, note the specific step where you got stuck.

Question 2: This is the trend of the whole Prelims paper, not only economy. The majority of MCQs are either theory-based or 2-5 year old contemporary issues, not fresh or daily current affairs. See my advice at the 14m timestamp in the PCB16 Orientation Class (16th July 2026): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R
30/09/2026 11:01:12	D10113	Manish Malviya	Sir maine apne mind ko Tej karne ke liye exercise and 10m meditation Kari daily with daily in 9+ hour's library study. Last 1 weak se 6 30 se library mai study start ki with 10 -11 hour's. In that time mene 5+ hour's mai class watch and other mai self study ki but no improvement. Economy test mai meri rank 400-500 tak jati h har baar. Mai kosis kar raha hu lekin koi result nhi dikh raha. \nMeri problem- 1. Weak mind so weak confidence than regarate to why my mind weak comparer to other well mind people's \n2. Bachchan se logo ne kaha thujse kuch nhi hoga because mai physically and maintly bahut weak hu.\n3. Hormonal change effect to over effect in regrate like mai dusro ki tarah hosiyar kyu nhi hu, mai apni baat nhi Kah pata, girls se baat nhi kar pate, \n4. Bachchan se logo ne mujhe except nhi Kiya and Hormonal changes ke baad mai adult video and kalpnik duniya ko such mana toh ab real world mai mai girl or boy or other yungar people's se na hi eye contact kar pata hu or na hi apni baat samjh pata hu \n5.mai sab ko apni baat batata hu toh sab mujhe Pagal,bacha mind kahte h eg. God	You have shown real discipline: 9 to 11 hours of study daily, along with exercise and meditation. Do not call your mind weak because the results have not shown yet. It takes time to get used to the way UPSC MCQs are framed, and test improvement comes from memorising the handout and revising, not from hours alone. For your economy tests: • Watch this video for the reasons behind poor test scores: https://www.loom.com/share/c86d3597b8e144d5a5163910dbdcf2a4 • It is not enough to complete the video classes. You have to memorise the handout also. In the lecture I only give an overview of the topic; the remaining facts need to be memorised from the handout. • Limit lectures to 5 hours a day, and use the remaining time for reading, memorising and revising the handout before the weekly test. • After each test: Your Attempts → View Solutions. Identify your pattern and fix that. • Try to be in the 50th percentile of the class. Rank improves slowly. फिर भी आपको याद नहीं रहता तो अपने शब्दों में लिख लिखकर नोट्स बनायीये।

			is not exist, agar h bhi toh mai kya karu, \n6. Mera upsc preparation ka reason h ki India mai se orthodox philosophy ko and cast system ko end karke and crime ko tightly low se control karke India ko world power ki top 2 country mai Lana - ye baat bhi logo ko kahata hu toh vo mujhe judge karte h \ nMere undar kamjoriya bahut h and time bhi come h and nude video ki addition se mind or weak ho raha h but only 1 thought ki mai changes laugh ya changes lane ke jariye ko logo ko shikhounga. \n	For focus, confidence and the habits you mention, please watch: • Unable to focus in studies: https://youtu.be/0UvY-cCp0Mk • Self-destructive behaviour: https://youtu.be/nxZvebsrZsY?si=zpuZLVk457EbIrOd Do not spend your energy on proving your views to people who judge you. Keep your reason for doing UPSC, and let the syllabus and the test scores be your scoreboard. If the feelings of weakness and the difficulty in talking to people keep troubling you outside your studies as well, please speak to a trusted elder or a doctor in person. All the best.
30/09/2026 14:11:05	D10114	Harshita Tiwari	I have attended only 4 lecture of pillar 1prelims only I am confused that I have to attend live class for mains or either first complete backlogs classes first , and also I am just making running notes from the classes is it enough , and sir plz tell me a strategy to cover all this .	Do not attend the live Mains class now. The pattern is: finish a Prelims pillar first, then watch its Mains pillar and give its Mains test. So clear your Prelims backlog first. The Mains classes are available in recorded form, so you can watch them later. Limit lectures to 5 hours a day and use the rest of the time for reading the handout. Use the Diwali pause (3rd to 11th November) for clearing the backlog. even in prelims lecture Do not jump to the current live lecture either. Start from

				first lecture of particular pillar e.g. 3A1 and move forward in sequence if u want to sit in tonight (3B1 lecture) otherwise you will have difficulty facing together, all these concepts of currency exchange. Running notes during the class are a supplement, not a substitute for the handout. You still have to read the PDF handout, since it contains all the facts required for the exam. Ideally, make these notes with pen and paper. Please also see the PCB16 Orientation Class (16th July 2026): 20m (deadlines), 21m (time management), 28m (which subject first): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R If your subscription comfortably covers you till your target year, you may also choose to wait for the next economy course (PCB17, tentatively Christmas 2026) and start fresh with it, instead of rushing through this one. If it expires within a year, finish PCB16/QEP9 now through the recorded lectures.
30/09/2026 14:46:16	D10115	BhavanaTiwari-4115-7086	Respected Sir,\nI am writing to you with deep respect and the highest hope for your intervention. My name is Bhavana M Tiwari, a dedicated 4+ years back-to-back premium Iconic Subscriber (GS + Optional) preparing for my final UPSC CSE attempt. I am trapped in an unfair situation created by Unacademy's backend team, and regular support is only sending me robotic template rejections.\n\nI am being denied essential study materials—	I have forwarded your matter to the concerned team. Please pick up their email, WhatsApp, or call from random unknown numbers / spam folder.

			specifically, Sudarshan Sir's Indian Geography mapping books and the Prelims + Mains physical test series booklets—over a technical 3-hour window.\n\nThe Chronological Facts:\n• Forced Early Renewal: My subscription expired on September 25th. Because it was a public holiday (Ganesh Visarjan), Unacademy representative Shakti Singh pressured me to renew on the night of September 24th, claiming my Bajaj Finance EMI loan offer would otherwise lapse.\n• The 3-Hour Penalty: I followed his direct instructions and completed the loan documentation at 9:00 PM on September 24th. Because I did this 3 hours before midnight, the system claims I missed the September 25th cutoff for the books. Had I waited 3 hours, the books would have been shipped automatically.\n\n• The Denial: Support has bluntly stated that a refund is completely impossible due to their strict policy, yet they refuse to ship the 4 books. Shakti Singh has stopped answering properly and redirected me to a generic helpline.\n\nSir, I always ignored public online comments claiming Unacademy cheats students because of my absolute faith in your teaching. Now, I feel completely stuck and demoralized. I am not asking for a favor; I am asking for the foundational tools for my final attempt.\n\nI humbly request a senior manager or educator exemption to either:\n1. Ship the Materials: Confirm the delivery of the physical test series and Sudarshan	

			Sir's Geography books.\n2. Provide Cancellation: Give me a pro-rata refund and nullify the Bajaj Finance EMI loan so my credit score is not ruined, allowing me to study elsewhere.\n\nI apologize for taking your time, but I had nowhere else to turn. I trust your empathy as teachers to help a veteran student.\n\nYours respectfully,\nBhavana M Tiwari	
30/09/2026 18:21:54	D10116	Sunny	Hello sir, My Geography is done, Environment and Optional is ongoing.\nSir Recently I am done with Polity and new course starts on Governance by Sidharth Sir. I haven't done anything in History yet. So should I go for History from beiginning OR Governance what will you advice ?\n\nAlso sir how to deal with Mains only subjects like Essay, Ethics, Society, IR, IS, DM just in case I am not able to complete most of them by Dec-Jan??	Go for History from the beginning. History is core Prelims theory, whereas Governance is mainly Mains-oriented. Beginners should complete the core theory subjects (history, geography, polity, economy) first. Governance can wait. Mains-only subjects (Essay, Ethics, Society, IR, Internal Security, Disaster Management): you do not have to finish these before Prelims. First complete the core Prelims subjects and your optional. The target is most of GS by Feb/March 2027. Whatever does not fit, shift to post-Prelims (June), when Mains revision starts anyway. Keep your optional on track for completion by December 2026. For more, see the PCB16 Orientation Class (16th July 2026): 28m (which subject first), 41m (GS subject-wise observations and booklist): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R
30/09/2026 19:45:02	D10117	Purshottam Kumar Singh	Sir in handout of pcb16 3A1 Sequence of heading are not arranged. For example 30.5 ke baad 30.1.1 hai in page number 502-503 jab ki 30.5.1 hona chaiye aisa bhaut jagah hai ye sequence error hai kuch aur please clear sir.	Thank you for notifying this to me. I will check it most probably looks like a bug issue in the LIBREoffice software that I'm using. So when I modity any headings, it seems to not it is not automatically updating the heading Numbers
