Academic doubts

Most of These are ALL NoT-exam worthy doubts. whoever is having these doubts Needs to change their approach towards UPSC and other competitive exams, if they really want to complete the syllabus in timely fashion.

Pillar	Question	Answer
1A0	Sir aap jis din ho topic padhate hai uska page no. Bhi batadiya karo badme confuse hota hai kyuki hum apki book me se padhte hai	This much spoon feeding and hand holding is not possible. Person needs to make some level of self effort also. This is IAS exam coaching, not School exam teaching ki page number bhi teacher hi btaaye. Person needs to have some level of intellectual depth by himself also to correlate the topics between class and the book/notes. ये कड़वी बात है लेकिन मेरा ये बोलना ज़रूरी है तभी व्यक्ति ख़ुद के पैरों पर खड़ा होना सीखेगा जोकि competitive exam के लिए बहुत ज़रूरी है।
1A1	I searched on google and rupee 1 note mentioned as unlimited legal tender. However in your handouts, it is mentioned as limited legal tender	As per RBI, money that is issued under Coinage Act, and technically they are unlimited legal tender only up to certain transaction limits set by the Act — beyond that, they function more like limited tender in practice.

		Since Rs.1 note is issued under Coinage Act , ergo it is limited legal tender. My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results.
1A1	I'm outraged that my shopekeeper not accepting ₹10 coin, ₹50 paisa etc.	For MCQs, tick based on the information ginve in your handout. If you are so outraged by this coin matter and have lot of free time then complaint against those shopkeepers in police and Supreme Court, assuming that your syllabus is complete.
1A1	What is Govt wants to issue ₹5 currency note?!	They will have to amend the coinage act and RBI act in the Parliament
1A1	sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing???	in the museum if u find a demonetiized ₹500-1000 note it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act. but no longer legal tenders after Dec'2016. that's the interpretation as per theory. My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results.
1A1	if NACH is for pvt companies then how can government use it for MGNREGA?	it is not 'exclusively' for pvt companies. More importantly, this contrversy is outdated for the present situation. Therefore, I have deleted it from latest handout.
1A1	difference between UAE's IPP vs AANI	Sufficient to know these digital payment technologies beyond that we are not preparing for the IAS exam of UAE so move forward to nxt topic.
1A1	2026 UPI vs CBDC PYQ mein counter arguments	I have explained this 2026 UPI MCQ both in the lecture and latest handout, read it peacefully. Ultimately, it (CBDC) is in the experiment state, so what

		RBI said in press release vs what UPSC asked…. There is open to lot of debate depending on interpretation, but thankfully, we have to find the wrong statement and the most wrong statement is that e-rupees the liability of RBI. so mater is settled. I have taught the things as the governor explained in the press release. If you further counter arguments, please call up RBI Governor, and tell him to grab the collar of the UPSC professor who has asked it in different context contradicting what RBI governor has said in the Press release.
1A1	permanent deletion of transaction e-rupee become anonymous but in notes CBDC its imp traceability increase reduce anonymity both are diffrent	Depends on what programming features are added, for what purpose example when government release the money for subsidy, they will add the programming to track it.
1A1	sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing???	in the museum if u find a demonetiized ₹500-1000 note it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act. but no longer legal tenders after Dec'2016. that's the interpretation as per theory. If there is an RBI notification that says something different, then there is case for rethinking, otherwise google has tonnes of stuff that will contradict with what we are studying. If aim to complete the syllabus by December. You need to stop this Google search Time waste.
1A2	SIR IN M0 CONCEPT , IF RBI PAYS IN RUPEE FOR DOLLAR TO FORIGNER SO IT INCREASE CIC/ RUPEE IN FOREIGNER'S HAND , SO IS THAT COUNTED IN M0 OF OUR INDIAN ECONOMY ? "For M0 to M4, What was the important for exam is explained in class.	"For M0 to M4, What was the important for exam is explained in class. Beyond that where do we doing X/Y/Z thing/variable or not? = is not important for exam / useless PhD थोड़ा-पढ़ो-आगे-बढ़ो Because then we will have to convert this five month course into 5 years composite BA-MA Economics program and yet that will not increase the probability of getting more marks. "

1A2	M0-M4 you are formula not matching with CDS exam	like i mentioned in HDt that for M0 to M4 RBI vs NCERT formula different and I'm not teaching RBI formula for poor ROI
1A2	M3=CC+DD+TD but in CRR me aap M3 me keval DD add kar rahe hai	Bhai M0 alag cheez hai, M3 alag cheez hai, money multiplier formula alag cheez hai. Why CRR is at one place and not another = because they are different things. Please watch all the five lectures again.. Especially the boat, example of money multiplier.
1A2	sir can you plz explain me m0 m1 m2 m3 m4 concept again it is to confusing	It is explained to the Best of my ability in the live classes. I cannot make it more simpler than what I already done there in a text box. so, Please watch all those lectures and make those notes we made in the live class. If still not understood, then probably one should think of lower level exams and other careers because ultimately IAS Exam also enquiries person to have some level of intellectual depth. 0 se hero nahi bnaa sakta koi coaching-walla.
1A2	1) In monetary economics, Narrow Money (M1) is defined as CU + DD (Currency with Public + Demand Deposits). 2) Does Demand Deposits (DD) include Current Accounts? 3) How are Mobile Wallets (like Paytm or Amazon Pay as they are stored in bank under company name), e-RUPI vouchers, e-Rupee (CBDC), and Gift Cards classified within M1? 4) How does the central bank (RBI) estimate the total cash held by the public (CU) in the background?	1) yes, Narrow bcoz small in size. 2) please check your notes. have we not written that both current account and savings account both are part of demand deposits? Then Why are you having this question? It means you have not studied the things properly. Please watch the lectures again. I cannot provide one on one Tuition like this. 3) ultimately, that money wallet money is sitting in someone's bank account. It'll get counted there. 4) RBI will Do It by collecting the data and updating their excel sheet. Why should we bother for it? We've studied exam worthy matters and formulas, now plz move to next topic, If you value your time and want to finish the syllabus by December

1A2	when government demontized 500 & 1000 currency note in 2016 money multiplier decrease but when Government withdraw 2000 rs note in 2023 money multiplier increase...why?	We can go into that Phd on timeframe of events, quantum of money issued in those currency notes, compounding effect of GST in 2017 etc, but it is not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो.
1A2	System Deficit liquidity . sir if RBI wants to fight inflation than why he should move towards system deficit liquidity , jbki sir deficit hone ka matlab h ki rbi gave more loan on repo / msf.	Depends on the chain of events, on what has happened and what RBI wants to accomplish. For McQ, we only need to memorise the formula otherwise no end to chicken egg relationship in it
1A2	Good morning Sir, Hope you are doing well. 1. Sir aapne Transaction demand + speculative demand= total demand for money mein inko affect karne wale kuch factor btaye the sir mujhe ye samjh nhi aaya ki wo factors kisko affect karenge kyunki aapne dono ke baare mein btaya tha (TD& SD) , affect to wo total demand of money ko hi karenge at the end. 2. Sir jab govt. RBI ke pass Note chhutte karane jaati hai to wo RBI ki liability kyun hai means RBI ko to badle mein utne hi paise mil rhe hai jitne use dene hai for ex- agar hum kisi shop par exchange karte hai to wo bhi hume 500= 100x5 note de dete hai to vha phir wo shopkeeper ki liability hai ??	(1) Both the topics are explained sufficiently in the class unless person wants to overthink and overcomplicate, then it cannot be helped. जितना पढ़ाया है उस पर एक एक स्लाइड के हिसाब से ग़ौर करिए आगे पीछे पूरी दुनिया में क्या हो रहा है उसका सब जोड़ने मत बैठिए। (2) currency notes are liability of RBI not shopkeeper.
1A2	Sir Now governor of RBI is Sanjay Malhotra but your image showing Shaktikanta Das . Please sir rectify.	I have already issued the clarification on top of 1A2-B handout ke this is the name of the new governor, but it is not possible for me to change so many graphics with the name/face of new governor in PPT and Handouts. I would hope that IAS aspirants are intellectual and mature enough to manage it.
1A2	your M0-M4 formulas not matching with XYZ other books	Stick to formula taught in my course for exam purposes. There are many ways to write the same formula by clubbing certain variables into certain categories, but बाक़ी कौन सी किताब में क्या लिखा है ये सब में compare contrast करने बैठो तो सेलेब्स ख़त्म नहीं होगा it will only increase your stress without increasing your score.
1A2	Sir apne lecture m bola as per ncert and rbi crr slr agr ⬆️ hoga to inflation auto!atic ⬇️ hoga. But at current hardly some cases of being dependent of	You are mixing up the concepts of microeconomics regarding the prices and demand of individual products vs the macroeconomics topic of monetary

	loans for purchasing basic things like food etc but Asa m agr petrol prices ki bt kru to Hume mtlv gao m jb asa lgta h kisi chiz ka price badh raha h achanak se to hum usko consume krna khud se decrease kr dete h and I genuinely had this doubt relating to real life situations don't take as if I want to bother you unnecessarily and also correct me if I this wasn't valid as it will limit me on how much I have to be within	policy. RepoCRR/SLR → inflation relationship works through the credit/liquidity channel: higher CRR/SLR → banks lend less → less money in circulation → demand-pull inflation eases over time. This is a monetary-policy tool and works with a lag, not instantly. Other limitations of the monetary policy are also given in the last part of the 1A2 handout. stick to the repo/CRR/SLR-inflation transmission mechanism as taught in the class If you want to get the McQs correct
1A2	sir, if currency in circulation increased- M0 Increase but at the same time M3 i.e, money supply with also increase , so MM will also increase according to the formula or it depends on the rate ..like kaun zyada change hua .... Is it correct ?	Money multiplier depends not only on the formula, but also on the factors as we learned through the example of the boat speed. So there is no end to what if and but why in X Y and Z situations…please move to next topic, if u value ur time.
1A2	Hello sir. In your Saturday's class, you explained a topic of "Incremental CRR". I just had a question regarding that. In that concept, you said that RBI put an additional 10% CRR on the extra 2000 notes that were being deposited. But if 2000 notes were being deposited, RBI would also be returning the same amount to customers (let's say 200*10 or 500*4), right? so the net amount that the banks had with them would stay the same,	What was the important for Exam is already explained. Now How they would calculate it in real life and why x not y and other phd questions are not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो.

	wouldn't it? only increase would be because of the black money maybe. I'd be grateful if you could provide more clarity. Thankyou...	
1A2	Sir I am confused between these simillar words - inflationary, deflationary , tight, easy, expansionary, contrary for monetary supply. So please clear the difference between these words as earlier also in school and college I used to got confused between these words, Concept is clear but words are quite technical	Sufficiently explained in the live-class to best of my ability. I can't simplify it more here in the text.
1A2	Sir as RBI has condition to issue money as ASSET=Liability So is there also any condition for govt to issue coins and 1 rs note ? or is it on will and demand of govt. & Money ?	How much quantity of money can government issue in the form of coins? Well that much analysis of coinage act It is not given in the books, so I did not bother to become James Bond and search for it, after seeing PYQ trend
1A2	1. Any rules for bank that they must keep x% amount for hault cash.? 2. How we say 500 and 1000 rupee note is fiat money ? Recent time they dont have any value .	there would be RBI technical rules for vault cash management . I did not bother to Phd for it after seeing PYq 2) if u find them in museum- what will you call them? Non-fiat money? Despite the fact that they were issued under the RBI act by RBI!
1B2	In Pillar #1B2 (Page no:158) In IBC Code:Appeal structure table for individual or partnership case the appellate authority is given in the handout is NCLAT.The appellate authority is Debt Recovery Appellate authority or NCLAT in the case of individual person or partnership firm.which is correct?	14.15.1 1 IBC Code: Appeal Structure page158 table of PCB16 is correct and verified from official manual. there is no typing mistake in it. individual person or partnership firm- 1st level is DRT, 2nd level is NCLAT, 3rd level is SC.
1B2	ECL framework 2027 ,the amount that the banks require to keep aside for the Defaulter loan,does it count as its own assets? Will the bank if yes then how it is different from SLR n CRR.	This much technical stuff about ECL framework, not important for exam after seeing PYQ
1C	you said tata (ratan tata) is an angel investor, but facebook is not an angel investor, but my doubt is Mark is the founder of facebook, then why we will	Angel investor is a specific term for an individual (usually a wealthy person) who personally invests his own money into a very early-stage startup, in

	not consier facebook as an angel investor ??	exchange for equity or convertible debt — done outside of any formal company structure. Mark Zuckerberg founded Facebook, he did not invest his own personal money into whatsapp. facebook company invested money in whatsapp company— so he does not fit the angel-investor definition for Facebook itself.
1C	SDF (Special Drawing Facility) should be classified as secured loan? Since the State Government keeps Government Securities (G-Secs) as collateral for SDF, you have mentioned it as unsecured in the table.	Page 187 (PCB16)- i've written 'usually unsecured'. not 'always unsecured'. and yes In general sense, all money market loans are unsecured. however, repo, SDF loan to state are very few exceptions where some collateral may be given. so, There is no need to fuzz over this pedantry too much. you've to tick based on what is asked in the options. if MCQ statement says that money market instruments are unsecured in nature, then you have to ticket correctly because they are asking it in general sense. if they specifically ask in context of a particular instrumental, then you have to tick accordingly There is no need to read every line like some kind of Supreme Court lawyer to find the faults and exceptions in every word. Otherwise, you will get the answers wrong.

03/09/2026 04:18:27	D9832	Divyanshi	Sir I have completed 4 year degree course in bcom(hons) and currently confused between commerce nd accountancy and geography (I like this as a subject while studying) optional.....I saw the pyq and videos but still not sure also suggest teacher for both the optional.	Both are decent optionals with ample coaching and notes available. If you're a commerce graduate then Why not take Commerce as an optional that can also help you in State PSC exams for commercial tax inspectors / excise assst. commissioners etc? known devil is better than unknown devil. in CSE-2020 toppers with commerce = 27/210 = 13% success rate toppers with PSIR = 154/1863 = 8% success rate. Pick based on interest, go through PYQs and demo lectures to finalise. Optional Teacher List: https://unacademy.com/content/optional-educators/

Please go through my advice in the PCB16 Orientation Class (16th July 2026): • 20m: Deadlines to complete syllabus by December-end • 21m: Time management with college/job, too many daily lectures • 28m: Which subject to complete first Class URL: https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R Since you are in your third attempt with self-study, my honest advice: complete the entire course and entire handout with a minimum of three revisions before your next attempt. Family pressure and age concerns will not go away, but a well-prepared attempt is the only way to address them meaningfully. Focus on syllabus completion first. साथ ही साथ कम अवधि में खत्म होने वाली कुछ और सरकारी प्ररीक्षाओ की तैयारी भी हाथ लीजिए यदि तुरंत आर्थिक रूप से आत्मनिर्भर होने का दबाव है। क्योकि यूपीएससी की सायकिल म में पास/ फेल किसी भी सूरत में क़रीब एक साल तो लग ही जाता है।

03/09/2026 15:46:43	D9835	Sachinkumar - 8434	Can i do Qep 8 because qep 9 ends in Dec, any changes in both material , is it relevant for 2028 to 2029 or do I need to update with your not3s	not much difference in content bcoz mains-2026 was very easy and predictable for economic questions, so there is not much need of help for updating the material. If your subscription has a long runway comfortably covering you till your target year, you may choose to wait for a more recent course instead — but QEP9 remains the right course to join now if you want live classes, else watch recorded course (QEP8)
03/09/2026 16:09:44	D9836	pari	sir jo aap mains ka leture karwa rahe hai to usko dekhne ke baad me handout ko yaad karu and vahi same to same answer exam me likhdu ya mujhe answer writing ke liye kuch alag se karna hoga	No, do not aim to reproduce the same-to-same answer from the handout in the exam. Watching the lecture and memorising the handout gives you command over content — but Mains answer writing itself is a separate skill requiring structuring, own words, and diagrams/flowcharts where relevant. Once QEP9 progresses, it includes dedicated answer writing practice and tests. Complete the course first, then focus on practising answer writing subject-wise using PYQs.

03/09/2026 18:13:11	D9838	Vishal	Sir, In Sept 2023, when I was in final year of my BA from DU, I asked you about whether I should pursue MA from JNU or not. You advised me to prepare for 1 year after BA, and if I don't clear UPSC CSE, then I should do MA.\nI finished my graduation in June 2024. Since then I have been sitting at home, 2 years and 3 months have passed. Gave 2026 attempt, failed miserably as I wasted these 2 years sitting at home, SYLLABUS NOT COMPLETED AT ALL, stuck at same thing,doing nothing, watching movies and webseries, got addicted to youtube and Instagram, eating junk food almost regularly.\nMy mental health has extremely deteriorated. I've no one to talk to.\nI can't even focus for one hour on studies.\nI have no mood of studying at all.\n\nA few days ago, on Instagram i saw posts regarding JNU, i got triggered again, should I prepare for CUET PG for doing MA in political science (my optional) or should i just prepare for UPSC CSE?\nI know it is foolish to take just decisions hastily, but my brain has stopped working completely.I know from inside It will take me a few years to clear UPSC, my father won't allow me to leave UPSC preparation, \n\nMy father is rigid and insisting on me to prepare for UPSC CSE till I clear it and I don't have to worry about anything as long as he is alive(he told these exact words). But sir he is an old school person having a sarkari job mindset. He never asked me about my mental health in my whole life, never sat beside me asking about my life.\n\nI think you are the only person I can talk to. You are a reliable person. I'm under severe mental stress which no one sees or realizes.\nI'm 23 still my father considers me a dudh pita bachha. I got only 500 rupees a month which is not enough at all. I've no freedom at all.	If you feel that studying at home is only distracting you due to lack of peer pressure. and if giving CUET PG for MA Pol Sci can get you accommodation in the physical hostel in JNU maybe you should consider that. perhaps the company of some serious candidates in its library/ study rooms in Delhi may take away from the distractions? also मेरी सलाह यह है कि छोटी सफलता बड़ी सफलता के लिए भूख जगाती है तो आपको छोटी परीक्षा को टारगेट कीजिए। like some group-C or clerical exam, even if you clear its prelim stage, it will automatically motivate you and bring the hunger to put more efforts. Because The nature of UPSC is such that even if you give up all the bad habits, you will not see the result till June-2027 when prelim result comes, and that way, the loop continues because after few weeks, again you will again feel demotivated that im stuck in a loop.

			I've to steal MONEY from father wallet. \nI SINCERELY REQUEST YOU TO PLEASE DON'T TREAT THIS AS GENERIC QUESTION.\nMY MENTAL HEALTH IS EXTREMELY POOR.\nSINCE CHILDHOOD I HAD NO MOMENT OF ENJOYMENT. I'M BLOODY STUDYING SINCE MY CHILDHOOD. SPENT ENTIRE 3 YEARS OF COLLEGE IN UPSC AND IT PROVED DISASTER FOR ME, THEN WASTED 2 YEARS AT HOME. I'M ROTTING IN MY ROOM.\nI DON'T KNOW WHEN THINGS WILL CHANGE FOR ME?\nPLEASE HELP ME SIR. \nPLEASE DON'T TELL ME TO WATCH THE VIDEO YOU ALWAYS PASTE IN THE DOUBT FORM.\nTHANKS YOU.\nPLEASE TAKE SOME TIME TO ANSWER MY QUESTION.	This is just a phase in life. It is not permanent. Happens with most people. The important thing is to recognise it and overcome the distractions. If you surround yourself with the same type of people, same atmosphere, then same distractions, you will remain in the same loop. I wish you all the best.

				Beginners should not waste time on daily current affairs lectures — focus on theory first. Majority of MCQs are either pure theory or 2-5 year contemporary issues, not fresh daily current affairs, so a consolidated Hindu-analysis approach for 2-3 years' worth of issues is more useful than daily tracking. Your first priority should be completing core theory subjects — economy, polity, history, geography, environment, science.

I would recommend the law graduates to go with law optional subject for following benefits in Plan-B • specialist officer (legal) in Bank/RBI etc. • judicial services exam. • corporate practice/private practice. Do not believe in any negative news that it has low success rate because since 2025, it has started to perform well. For now, focus on your GS subjects and college studies — the optional decision does not need to be rushed in 1st year 1st semester. Thank you sir 🙏\n	Yes, that approach is reasonable — revising Prelims economy alongside my Mains course will help you build the continuity you're looking for. Your other-subject strategy (Ethics-Sept, Polity-Oct, IR/Governance-Nov, History-Dec, Geography+Modern History+Sci-Tech+Environment-Jan) is a sound sequencing. One suggestion: keep Ethics light-touch for now since it is best sharpened closer to the Mains exam through daily practice rather than one intensive month; and ensure your optional subject gets dedicated time in parallel through this period rather than being squeezed in after GS.

05/09/2026 23:18:28	D9876	Deepak rathoe	sir handout me hindi ka use thoda jyada kare please kyonki samjh nhi aata handout	A 100% pure Hindi handout isn't possible at present due to time and staff constraints, and economy as a subject becomes much harder to follow in pure Hindi. A 50:50 English-Hindi mix also isn't feasible — it would increase page length unnecessarily and make revision harder. Important keyword translations are already given in the handout. Subjects like Economy are inherently better understood in English — a term like "liquidity ratio" translated into Hindi often confuses more than it clarifies. Whatever Plan-B exam path you eventually take (banking, SSC, State PSC) will also require English, so building that comfort now will help you regardless. To improve Hindi vocabulary for Economy: Class 11 NCERT, Yojana magazine's chief editor's preface, Jansatta, Economic Survey Hindi introductions/conclusions, and Raghuram Rajan's "Breaking the Mould" (available in Hindi). 06/09/2026 09:49:20	D9878	Himanshu Prajapati	Respected Sir,\nI am a 3rd-year Economics Honours student at DU, targetting my first UPSC attempt in 2028. Currently, I am able to dedicate around 4 to 5 hours daily to my preparation alongside college.\n\nI have completed Pillar 1 for both Prelims and Mains, as well as the Prelims test up to the stock market module. However, I am struggling with consolidating and revising the Mains handouts. Unlike Geography (Indian & Physical), where active recall of class notes and NCERTs worked well for me, I am finding it difficult to structure and retain the required details for the Mains handouts here. This issue makes it hard to write structured answers. For Prelims, using the index helps me revise, but Mains feels less clear.\n\nMy specific questions:\n\n1. Should I re-read the entire Mains handout, or is there a better way to structure and consolidate these chapters?\n2. Should I start Polity lectures on a 3 to 4 days/week schedule right now?\n3. How should I allocate my daily time for Answer Writing and Tests for Geography and Polity alongside my college workload?\n4. Or should I any other subject other than polity like world geography, environment,\nAncient medical history, or modern history \n\n	These are reasonably good numbers for a 2028 target with 4-5 hours daily alongside college. • For Mains handout consolidation: it requires person to have really good command over prelims economy with 3-4 revision. Because if you peacefully observe, most of the main handout is just a recycling of the arguments and facts from the prelims handout. That intellectual depth will develop, but after 4-6 months, not immediately. • Yes, start Polity now on a 3-4 days/week schedule — no need to wait, since you have runway till 2028 and parallel-tracking subjects is the right approach at this stage. • Allocate daily time roughly as: Polity/Geography lecture + handout reading on lecture days, with 2-3 dedicated slots per week for answer writing practice on topics already completed — do not spread answer writing too thin across every subject simultaneously. • Stick with Polity next rather than switching to World Geography, Environment, or History right now — Polity has high weightage and its concepts also support

Is your economy 3.0 book covered all your mains Handouts?	no there is no separate 100% hindi book/handout for economy from my side. Separately, on your broader point about Hindi translations in the Mains handout being difficult to follow: subjects like Economy are inherently better understood in English due to technical terminology, and full Hindi translation is not something I can offer at present due to time/staff constraints. 06/09/2026 21:06:20	D9887	Archhita Jain	Sir I'm finding economy very challenging for me. I'm taking your class regularly and giving tax as well but unable to retain in long run. Kindly guide me through this because I'm not feeling confident even after doing revision.	It is not enough to complete the video classes. You have to memorise the handout also. In the lecture I only give an overview of the topic - the remaining facts need to be memorised from the handout.

date	sr	name	Q.	ans.
				For economy, the revision flow should be as follows: Reading1: morning after the last night class Revision1: before weekly test Revision2: before the Mega Test (100 MCQ from all the handouts), end of PCB16 course Revision3/4: February to May, paced via the Win27 series Final glance before Prelims: glance over index pages of each chapter, only go into the actual content if you cannot remember something. Give the weekly tests regularly and rectify mistakes. Once the first four pillars are over you will automatically see the big picture of how everything fits together.

As a beginner, how should I prepare for Mains answer-writing tests? Should I practise by writing my own answers first, use ChatGPT for guidance and evaluation, or follow answers from standard books and other sources?**\n\nI would be grateful for your guidance on the right approach.\n	• ChatGPT can be used to simplify or summarise material into your own understanding, but it should not replace reading the actual handout - the facts and current affairs specific to the exam are in the handout, not general AI knowledge. • As a beginner, first complete the syllabus of prelims and mains, do 2-3 revisions, and read newspapers for 4-6 months before starting real answer writing.

date	sr	name	Q.	ans.
				Writing an answer today on a topic you read today is not real answer writing - it is just listing 5-7 easy facts. See these videos: https://youtu.be/vcmcoz1k_14?si=STZdrOEy3YIvswiD https://youtu.be/FL58boY57gU?si=Hh9kTGdVXurSrE56

So sir from where are we now doing classes make micro notes and learn them .am i right?	Yes, you are on the right track. If the handout already gives you the facts and you are able to make micro-notes from it in your own words, that is sufficient - there is no separate need to also read a book on top of that. Continue with revision and weekly tests as per your current pillar, then clear backlog using the built-in course breaks (17-26 Aug and 3-11 Nov 2026).
07/09/2026 01:16:28	D9895	Mahak	But sir u said in your class backlog revision and use your free time and u deny me for backlog so I am confused what to do	There is no contradiction - both apply together. Continue attending live classes and revising as we progress pillar-wise; use your free time and the two built-in breaks in PCB16 (17-26 Aug and 3-11 Nov 2026) specifically to clear pending backlog, rather than trying to catch up on a regular class day.

07/09/2026 11:10:01	D9897	Rajsekhar KARMAKAR	suppose one person has manufacturing factory and total annual income is 34 lakh . has he to pay income tax and gst both???	Yes. Income tax and GST are separate taxes on different things - income tax is on the person's total annual income, GST is on the supply of goods/services. A manufacturer with 34 lakh annual income will be liable for income tax on that income, and separately liable to register and pay GST if turnover crosses the GST registration threshold. So it is ping-pong: Prelims Pillar-1, then Mains Pillar-1, then Prelims Pillar-2, and so on - not complete the entire Prelims batch first.

Jaise ki NEFT, RTGS etc agar insab Transactions se mere Account ka 14 Lakh ho jata hai . To kya insab ka v transactions count ho kar Income Tax lagega???	There is no such blanket exemption. High-value online transactions (NEFT, RTGS, UPI etc.) are reported to the tax department your total income from all sources (including receipts through these transactions, where they represent income) remains taxable as per the applicable slab. Mere absence of tax on the transaction mode itself does not mean the underlying income escapes tax. they will send you notice in ask you wheethher u're paying tax or not.

				NEFT transaction value is not subjected to fees= that is a separate thing. But if you are earning more than 12 lakh rupees, then you will have to pay Income Tax otherwise they'll send notice from income tax dept, by tracking your NEFT etc transactions.

07/09/2026 19:59:11	D9903	Vishal	Sir, I feel under confident as I've just done a BA(History and Political Science) from DU.\nI think I should pursue MA in Political Science only from JNU by giving CUET PG to get some more experience and be around curious minds. But I've no plans of becoming an Assistant Professor and I'm not even interested in teaching. I can only do a government job\nI'm 23. I graduated 2 years ago. Gave the first UPSC attempt this year. Failed miserably. Couldn't complete syllabus even in 5 years.\n\nShould I do MA to feel confident or should I just prepare for UPSC CSE? My father wants me to clear UPSC CSE at any cost. I can't quit UPSC preparation.\n\nSHOULD I FIRST COMPLETE UPSC SYLLABUS IN 2027, THEN GO FOR MA IN 2028? WILL IT BE TOO LATE TO PURSUE HIGHER EDUCATION \nWHAT TO DO SIR? PLEASE GUIDE ME.	Since you cannot quit UPSC preparation and your priority is a government job (not teaching), an MA at this stage will only add another 2 years without improving your UPSC outcome directly - it is not a prerequisite for CSE. First complete your UPSC syllabus properly in 2027; if that attempt does not work out, you can evaluate MA/other options in your second attempt when you already have the syllabus and coaching behind you and can manage both together. Do not use MA as a way to 'feel confident' - that confidence has to come from actually completing the syllabus and revising it.

07/09/2026 23:45:57	D9905	Anshika	I have a doubt regarding the 0.15% incentive mentioned in your slide. The slide says that for a small merchant, a UPI transaction up to ₹2,000 attracts "Zero MDR + Incentive @ 0.15%." My understanding from the official government sources is that this 0.15% incentive is paid to the acquiring bank and then distributed among the payment ecosystem (issuer bank, acquiring bank, PSP and TPAP), rather than being paid directly to the merchant.\n\nSo, what exactly does "incentive to the small merchant" in the slide mean? Does the merchant actually receive any additional amount, or is the merchant's benefit only that they pay zero MDR, while the 0.15% incentive goes to the banks/payment ecosystem?	This level of granular detail on how the 0.15% incentive is distributed within the payment ecosystem (issuer bank, acquiring bank, PSP, TPAP) is not important for the scope of the exam. For exam purposes, the key point is: small merchant UPI transactions up to the specified limit attract zero MDR

The Mains handout is currently handout-only - there is no separate printed Mains book planned at present, and it is not included as a physical copy in any subscription tier. The only printed book coming is for Prelims economy,
09/09/2026 12:26:15	D9915	Oshimsharma	Sir I have completed the first handout (1A1-1D3) from the PCB 15 batch. Can I continue next lectures from PCB 16 batch as I will be able to attend live classes?	Yes. If you completed handout 1A1-1D3 in PCB15, you can resume from the corresponding point onward in PCB16 live classes - the syllabus structure is the same, only current affairs/examples get refreshed.

Please watch the deadline discussion at the 20-minute timestamp in the PCB16 Orientation Class (16th July 2026): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R If you can realistically finish syllabus, revision, current affairs and some answer writing practice before Prelims 2027, then attempt it; otherwise it may be better to use this time to prepare thoroughly for the next cycle.
09/09/2026 16:20:57	D9917	Sangam	Sir, i used to rely on vision ias monthly magazine for current affair preparation but considering the present scenario i am in doubt that i can trust it any more. I came across unacademic monthly magazine, can you tell if you personally overlook the preparation of that magazine so that i can be sure of its coverage and rely on it for my current affairs preparation completely. Is their any other thing you suggest for current affairs?	Unacademy Articulate magazine,is better than VisionIAS in terms of relevance - it avoids unnecessary coverage of low-profile global reports that rarely translate into actual marks. Download it here: https://unacademy.com/content/upsc/downloads/ For economy specifically, no separate current affairs magazine is needed at all - my PCB16/QEP9 courses already cover economy current affairs, and future updates are covered free every year via the Win series.
09/09/2026 18:39:34	D9918	Anjali	Pranam sir,Sir mai ug ke baad 3 years la LLB kr rhi hu (1st year) cllg nhi jana rahta hai, 6 December ko uppcs ka exam bhi hai. syllabus allmost complete hai.Optional, current affairs, kuch chhote gs ke & evision bacha hai ,Sir upsc ke sath LLB ko kaise manege karu?\nThank you Sir🙏	With your syllabus almost complete and only optional, current affairs, and some GS revision left, prioritise in this order: optional subject first, then current affairs, then the remaining GS revision - given your UPPCS exam is on 6th December. Treat LLB as secondary for these three months; attending college lectures is less critical right now than protecting study time for UPSC/UPPCS prep.
09/09/2026 20:03:58	D9919	Sunny Kumar	Sir as you say "Ameer ki Mahal dekhkr apni jhopadi mat jalao"... so UCAN sessions are meant for 2-3 attempt public? \n\nShould I join UCAN sessions if I have my first attempt next year... but acc. to parents	Yes, UCAN-type intensive test/revision sessions are generally more useful for 2nd/3rd attempt students who have already completed their syllabus and revision. For

			first is the last?	your first attempt, your priority should be completing the syllabus and doing sufficient revision through the regular course first - you can evaluate such sessions in a later attempt if needed.
09/09/2026 20:04:13	D9920	Savitri ganagi	Sir ur mains notes I did not take zero. But I am writing them in 4A shit should I continue that or take zerox but it is were much time consuming as i should read another subject also and make notes of it currently I am doing economy and polity plz guide THANK I LIKE UR TEACHING STYLE	Continue writing your Mains notes on paper as you are already doing (4A sheet) - there is no need to switch to Xerox/photocopy shortcuts. Making notes in your own hand, even if time-consuming, builds retention and writing stamina for Mains answer writing, which is more valuable than saving time. Manage the time split between Economy and Polity by fixing a daily time-block for each rather than doing one subject exhaustively before starting the other. but u should not copy entire PDF again in handwritten note- that's waste of time and energy. Thank you for your kind words.
09/09/2026 21:20:31	D9921	Riyaz Mulani	Sir when is your next upcoming batch starting from ? How long will the it take to complete the batch because my subscription ends in March 2027 and I am appearing for this year's UPSC exam after leaving my job after a gap of 3-4 years so I also need to go through concepts again. so which batch should I join the upcoming batch or the batch which has already started from July 2026 ?	With your subscription running till March 2027, you can join PCB16 (already live since 16th July 2026) or QEP9 (Mains, started 27th August 2026) directly - no need to wait for the next batch. Since you are returning after a 3-4 year gap, joining PCB16 now, from an earlier pillar onward, will help you rebuild concepts properly rather than jumping into where the live batch currently stands.

				next pre course PCB17 should come in X'mas 2026

09/09/2026 22:26:26	D9923	Dhruv Verma	sir mere 2 question hai book aapne bola tha sept me aayegi to abhi kitna vakt aur lgega aur dusra question yeh ki mene aapka pcb 15 course kiya tha to ab jo pre hua hai is bar ka uske hisab se jo bhi update hoyenge unko aap win series me cover kra denge na\n	Ref to top section of this FAQ PDF titled "Mrunal's Book vs Handout" q2) On PCB15 to current update: yes, whatever new content or changes come in the current PCB16 batch relative to what you studied in PCB15 will be covered for you free of cost through the Win27 series.
09/09/2026 22:51:25	D9924	Muhammad Adnan	FDI aur Share me kya Difference hai means jese private Bank me FDI ki Limit 74% (app. of Govt) hai, to mtlb kya Foreigners HDFC ka 74% share kharid skte hain, mtlb HDFC ki 74% Maaliki Foreigners k pas hogi ??	Yes, that is correct in concept - if the sectoral FDI cap for private banks is 74%, it means foreign investors collectively can hold up to 74% of that bank's total equity/shareholding, subject to RBI/government approval routes and other conditions. It does not mean any single foreign entity automatically owns 74% - it is the aggregate ceiling for total foreign shareholding.

09/09/2026 23:19:37	D9925	Akanksha Bhardwaj	Sir, I've a doubt from the lecture 2A2 part 2 that why government give income tax rebate even knowing that they would incur a loss?	this is explained in lecture itself. Income tax rebates the government accepts this short-term revenue loss because it helps low-income taxpayers with disposable income in their hands to boost consumption and GDP, and is offset by higher collections from other slabs and other tax heads.
