# Academic doubts

**Most of These are ALL NoT-exam worthy doubts. whoever is having these doubts Needs to change their approach towards UPSC and other competitive exams, if they really want to complete the syllabus in timely fashion.**

| Pillar | Question | Answer |
|---|---|---|
| 1A0 | Sir aap jis din ho topic padhate hai uska page no. Bhi batadiya karo badme confuse hota hai kyuki hum apki book me se padhte hai | This much spoon feeding and hand holding is not possible. Person needs to make some level of self effort also. This is IAS exam coaching, not School exam teaching ki page number bhi teacher hi btaaye. Person needs to have some level of intellectual depth by himself also to correlate the topics between |

| | | |
|---|---|---|
| | | class and the book/notes. ये कड़वी बात है लेकिन मेरा ये बोलना ज़रूरी है तभी व्यक्ति ख़ुद के पैरों पर खड़ा होना सीखेगा जोकि competitive exam के लिए बहुत ज़रूरी है। |
| **1A1** | I searched on google and rupee 1 note mentioned as unlimited legal tender. However in your handouts, it is mentioned as limited legal tender | As per RBI, money that is issued under Coinage Act, and technically they are unlimited legal tender only up to certain transaction limits set by the Act — beyond that, they function more like limited tender in practice.<br><br>Since Rs.1 note is issued under Coinage Act , ergo it is limited legal tender.<br><br>My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results. |
| **1A1** | I'm outraged that my shopekeeper not accepting ₹10 coin, ₹50 paisa etc. | For MCQs, tick based on the information ginve in your handout.<br>If you are so outraged by this coin matter and have lot of free time then complaint against those shopkeepers in police and Supreme Court, assuming that your syllabus is complete. |
| **1A1** | What is Govt wants to issue ₹5 currency note?! | They will have to amend the coinage act and RBI act in the Parliament |
| **1A1** | sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing??? | in the museum if u find a demonetiized ₹500-1000 note<br><br>it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act.<br><br>but no longer legal tenders after Dec'2016.<br><br>that's the interpretation as per theory.<br>My handout's phrasing follows this practical UPSC-relevant distinction rather than the loose usage you'll find in generic Google results. |

| | | |
|---|---|---|
| **1A1** | if NACH is for pvt companies then how can government use it for MGNREGA? | it is not 'exclusively' for pvt companies. More importantly, this contrversy is outdated for the present situation. Therefore, I have deleted it from latest handout. |
| **1A1** | difference between UAE's IPP vs AANI | Sufficient to know these digital payment technologies beyond that we are not preparing for the IAS exam of UAE so move forward to nxt topic. |
| **1A1** | 2026 UPI vs CBDC PYQ mein counter arguments | I have explained this 2026 UPI MCQ both in the lecture and latest handout, read it peacefully. Ultimately, it (CBDC) is in the experiment state, so what RBI said in press release vs what UPSC asked…. There is open to lot of debate depending on interpretation, but thankfully, we have to find the wrong statement and the most wrong statement is that e-rupees the liability of RBI. so mater is settled. I have taught the things as the governor explained in the press release. If you further counter arguments, please call up RBI Governor, and tell him to grab the collar of the UPSC professor who has asked it in different context contradicting what RBI governor has said in the Press release. |
| **1A1** | permanent deletion of transaction e-rupee become anonymous<br>but in notes CBDC its imp traceability increase reduce anonymity both are diffrent | Depends on what programming features are added, for what purpose example when government release the money for subsidy, they will add the programming to track it. |
| **1A1** | sir in your notes its written that 500 and 1000rs notes are fiat money but when i searched it on google it said no its not because its been demonetized by RBI. SO IS there this criteria also that something which is demonetized will not remain fiat money or there is no such thing??? | in the museum if u find a demonetiized ₹500-1000 note<br>it is fiat money yes , bcoz it was issued by RBI under the authority of RBI act. but no longer legal tenders after Dec'2016.<br>that's the interpretation as per theory.<br>If there is an RBI notification that says something different, then there is case for rethinking, otherwise google has tonnes of stuff that will contradict with what we are studying. If aim to complete the syllabus by December. You need to stop this Google search Time waste. |
| **1A2** | SIR IN M0 CONCEPT , IF RBI PAYS IN RUPEE FOR DOLLAR TO | "For M0 to M4, What was the important for exam is explained in class. |

| | | |
|---|---|---|
| | FORIGNER SO IT INCREASE CIC/ RUPEE IN FOREIGNER'S HAND , SO IS THAT COUNTED IN M0 OF OUR INDIAN ECONOMY ? "For M0 to M4, What was the important for exam is explained in class. | Beyond that where do we doing X/Y/Z thing/variable or not? = is not important for exam / useless PhD थोड़ा-पढ़ो-आगे-बढ़ो<br><br>Because then we will have to convert this five month course into 5 years composite BA-MA Economics program and yet that will not increase the probability of getting more marks. " |
| **1A2** | M0-M4 you are formula not matching with CDS exam | like i mentioned in HDt that for M0 to M4 RBI vs NCERT formula different and I'm not teaching RBI formula for poor ROI |
| **1A2** | M3=CC+DD+TD but in CRR me aap M3 me keval DD add kar rahe hai | Bhai M0 alag cheez hai, M3 alag cheez hai, money multiplier formula alag cheez hai.<br>Why CRR is at one place and not another = because they are different things. Please watch all the five lectures again.. Especially the boat, example of money multiplier. |
| **1A2** | sir can you plz explain me m0 m1 m2 m3 m4 concept again it is to confusing | It is explained to the Best of my ability in the live classes. I cannot make it more simpler than what I already done there in a text box.<br>so, Please watch all those lectures and make those notes we made in the live class. If still not understood, then probably one should think of lower level exams and other careers because ultimately IAS Exam also enquiries person to have some level of intellectual depth. 0 se hero nahi bnaa sakta koi coaching-walla. |
| **1A2** | 1) In monetary economics, Narrow Money (M1) is defined as CU + DD (Currency with Public + Demand Deposits).<br><br>2) Does Demand Deposits (DD) include Current Accounts? | 1) yes, Narrow bcoz small in size.<br>2) please check your notes. have we not written that both current account and savings account both are part of demand deposits? Then Why are you having this question? It means you have not studied the things properly. Please watch the lectures again. I cannot provide one on one Tuition like this. |

| | | |
|---|---|---|
| | 3) How are Mobile Wallets (like Paytm or Amazon Pay as they are stored in bank under company name), e-RUPI vouchers, e-Rupee (CBDC), and Gift Cards classified within M1?<br><br>4) How does the central bank (RBI) estimate the total cash held by the public (CU) in the background? | 3) ultimately, that money wallet money is sitting in someone's bank account. It'll get counted there.<br><br>4) RBI will Do It by collecting the data and updating their excel sheet. Why should we bother for it? We've studied exam worthy matters and formulas, now plz move to next topic, If you value your time and want to finish the syllabus by December |
| **1A2** | when government demontized 500 & 1000 currency note in 2016 money multiplier decrease but when Government withdraw 2000 rs note in 2023 money multiplier increase...why? | We can go into that Phd on timeframe of events, quantum of money issued in those currency notes, compounding effect of GST in 2017 etc, but it is not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो. |
| **1A2** | System Deficit liquidity . sir if RBI wants to fight inflation than why he should move towards system deficit liquidity , jbki sir deficit hone ka matlab h ki rbi gave more loan on repo / msf. | Depends on the chain of events, on what has happened and what RBI wants to accomplish. For McQ, we only need to memorise the formula otherwise no end to chicken egg relationship in it |
| **1A2** | Good morning Sir, Hope you are doing well. 1. Sir aapne Transaction demand + speculative demand= total demand for money mein inko affect karne wale kuch factor btaye the sir mujhe ye samjh nhi aaya ki wo factors kisko affect karenge kyunki aapne dono ke baare mein btaya tha ( TD& SD) , affect to wo total demand of money ko hi karenge at the end.<br>2. Sir jab govt. RBI ke pass Note chhutte karane jaati hai to wo RBI ki liability kyun hai means RBI ko to badle mein utne hi paise mil rhe hai jitne use dene hai for ex- agar hum kisi shop par exchange karte hai to wo bhi hume 500= 100x5 note de dete hai to vha phir wo shopkeeper ki liability hai ?? | (1) Both the topics are explained sufficiently in the class unless person wants to overthink and overcomplicate, then it cannot be helped. जितना पढ़ाया है उस पर एक एक स्लाइड के हिसाब से ग़ौर करिए आगे पीछे पूरी दुनिया में क्या हो रहा है उसका सब जोड़ने मत बैठिए।<br><br>(2) currency notes are liability of RBI not shopkeeper. |
| **1A2** | Sir Now governor of RBI is Sanjay Malhotra but your image showing Shaktikanta Das . Please sir rectify. | I have already issued the clarification on top of 1A2-B handout ke this is the name of the new governor, but it is not possible for me to change so many graphics with the name/face of new governor in PPT and Handouts. I would hope that IAS aspirants are intellectual and mature enough to manage it. |

| | | |
|---|---|---|
| **1A2** | your M0-M4 formulas not matching with XYZ other books | Stick to formula taught in my course for exam purposes. There are many ways to write the same formula by clubbing certain variables into certain categories, but बाक़ी कौन सी किताब में क्या लिखा है ये सब में compare contrast करने बैठो तो सेलेब्स ख़त्म नहीं होगा it will only increase your stress without increasing your score. |
| **1A2** | Sir apne lecture m bola as per ncert and rbi crr slr agr ⬆️ hoga to inflation auto!atic ⬇️ hoga. But at current hardly some cases of being dependent of loans for purchasing basic things like food etc but Asa m agr petrol prices ki bt kru to Hume mtlv gao m jb asa lgta h kisi chiz ka price badh raha h achanak se to hum usko consume krna khud se decrease kr dete h and I genuinely had this doubt relating to real life situations don't take as if I want to bother you unnecessarily and also correct me if I this wasn't valid as it will limit me on how much I have to be within | You are mixing up the concepts of microeconomics regarding the prices and demand of individual products vs the macroeconomics topic of monetary policy.<br><br>RepoCRR/SLR → inflation relationship works through the credit/liquidity channel: higher CRR/SLR → banks lend less → less money in circulation → demand-pull inflation eases over time. This is a monetary-policy tool and works with a lag, not instantly.<br><br>Other limitations of the monetary policy are also given in the last part of the 1A2 handout.<br><br>stick to the repo/CRR/SLR-inflation transmission mechanism as taught in the class<br>If you want to get the McQs correct |
| **1A2** | sir, if currency in circulation increased- M0 Increase but at the same time M3 i.e, money supply with also increase , so MM will also increase according to the formula or it depends on the rate ..like kaun zyada change hua .... Is it correct ? | Money multiplier depends not only on the formula, but also on the factors as we learned through the example of the boat speed. So there is no end to what if and but why in X Y and Z situations…please move to next topic, if u value ur time. |

| | | |
|---|---|---|
| **1A2** | Hello sir. In your Saturday's class, you explained a topic of "Incremental CRR". I just had a question regarding that. In that concept, you said that RBI put an additional 10% CRR on the extra 2000 notes that were being deposited.<br><br>But if 2000 notes were being deposited, RBI would also be returning the same amount to customers (let's say 200*10 or 500*4), right?<br>so the net amount that the banks had with them would stay the same, wouldn't it?<br>only increase would be because of the black money maybe.<br><br>I'd be grateful if you could provide more clarity. Thankyou... | What was the important for Exam is already explained. Now How they would calculate it in real life and why x not y and other phd questions are not important for exam after seeing PYQs. थोड़ा-पढ़ो-आगे-बढ़ो. |
| **1A2** | Sir I am confused between these simillar words - inflationary, deflationary , tight, easy, expansionary, contrary for monetary supply. So please clear the difference between these words as earlier also in school and college I used to got confused between these words, Concept is clear but words are quite technical | Sufficiently explained in the live-class to best of my ability. I can't simplify it more here in the text. |
| **1A2** | Sir as RBI has condition to issue money as ASSET=Liability<br>So is there also any condition for govt to issue coins and 1 rs note ? or is it on will and demand of govt. & Money ? | How much quantity of money can government issue in the form of coins?<br>Well that much analysis of coinage act It is not given in the books, so I did not bother to become James Bond and search for it, after seeing PYQ trend |
| **1A2** | 1. Any rules for bank that they must keep x% amount for hault cash.?<br>2. How we say 500 and 1000 rupee note is fiat money ? Recent time they dont have any value . | there would be RBI technical rules for vault cash management . I did not bother to Phd for it after seeing PYq<br>2) if u find them in museum- what will you call them? Non-fiat money? Despite the fact that they were issued under the RBI act by RBI! |
| **1B2** | In Pillar #1B2 (Page no:158) In IBC Code:Appeal structure table for individual or partnership case the appellate authority is given in the handout | 14.15.1 1 IBC Code: Appeal Structure<br>page158 table of PCB16 is correct and verified from official manual. there is |

| | | |
|---|---|---|
| | is NCLAT.The appellate authority is Debt Recovery Appellate authority or NCLAT in the case of individual person or partnership firm.which is correct? | no typing mistake in it.<br>individual person or partnership firm- 1st level is DRT, 2nd level is NCLAT, 3rd level is SC. |
| **1B2** | ECL framework 2027 ,the amount that the banks require to keep aside for the Defaulter loan,does it count as its own assets? Will the bank if yes then how it is different from SLR n CRR. | This much technical stuff about ECL framework, not important for exam after seeing PYQ |
| **1C** | you said tata ( ratan tata ) is an angel investor, but facebook is not an angel investor, but my doubt is Mark is the founder of facebook, then why we will not consier facebook as an angel investor ?? | Angel investor is a specific term for an individual (usually a wealthy person) who personally invests his own money into a very early-stage startup, in exchange for equity or convertible debt — done outside of any formal company structure. Mark Zuckerberg founded Facebook, he did not invest his own personal money into whatsapp. facebook company invested money in whatsapp company— so he does not fit the angel-investor definition for Facebook itself. |
| **1C** | SDF (Special Drawing Facility) should be classified as secured loan? Since the State Government keeps Government Securities (G-Secs) as collateral for SDF, you have mentioned it as unsecured in the table. | Page 187 (PCB16)- i've written 'usually unsecured'. not 'always unsecured'.<br><br>and yes In general sense, all money market loans are unsecured.<br>however, repo, SDF loan to state are very few exceptions where some collateral may be given.<br>so, There is no need to fuzz over this pedantry too much.<br>you've to tick based on what is asked in the options.<br>if MCQ statement says that money market instruments are unsecured in nature, then you have to ticket correctly because they are asking it in general sense.<br><br>if they specifically ask in context of a particular instrumental, then you have to tick accordingly<br><br>There is no need to read every line like some kind of Supreme Court lawyer to |

| | | |
|---|---|---|
| | | find the faults and exceptions in every word. Otherwise, you will get the answers wrong. |

| **17/09/2026 11:30:32** | D9999 | Manish Malviya | Sir, mains ke kuch pyq question ke analysis ke according Upsc Manis exam mai newspaper ke article se and jo current mudda ya India mai jo problem h ussko apne syllabus se connect kar question banati h . Matlab ki mujhe ab se India ki har problem and uske solution par kuch suggestions ya kuch information yaad hona cahiye ? Editorial hi upsc ka base h 80% , sir kya mera analysis sahi h? | Your first priority should be to complete the syllabus subjects. Do not try to memorise every problem of India and its solutions from editorials, use the subject wise mains material provided by the facultys / coaching Institute.<br><br>Newspaper columns are meant for building vocabulary and perspective. You don't have to reinvent the whole wheel by yourself. |

There are some days when there is nothing useful in the newspaper, so do not force it. |

| date | sr | name | Q. | Answer |
|---|---|---|---|---|
| | | | according Mains point of view se notebook mai write down karna sahi hoga or editorial ki monthly magazine par dependent and no editorial convert Mains point of view in notes? Kya prelims ke liye bhi editorial useful hote h? | morever, Most of the free monthly magazines already cover current affairs, so there is no need to make notes out of it. Note down something from the newspaper only if it is unique information relevant for your optional subject, interview questions related to your graduation or domicile state, Ethics, or Essay.<br><br>The purpose of reading editorial columns is to cultivate vocabulary, so keep the habit for at least four months. English medium: Indian Express or The Hindu (any single newspaper, not both). Hindi: Jansatta. How to handle the newspaper effectively: https://youtu.be/boW-QoExVsc?si=lKGnyT2BsZq-AsDG<br><br>For Prelims, focus on theory first. The last one year's trend shows that current affairs is not very decisive for clearing the cutoff, because the majority of MCQs are either theory-based or 2-5 year contemporary issues, not fresh daily current affairs. See the 14m timestamp of the PCB16 Orientation Class (16th July 2026): https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R<br><br>Editorial have very little utility as far as the prelims exam is concerned. |

|---|---|---|---|---|
| | | | bhut kam hai\nScnd sir current affairs khn s pdhe newspaper ke alawa | Regarding the weekly test, the flow is:<br>• Reading1: read the handout in the morning after the night class.<br>• Revision1: revise it before the weekly test.<br>• Then give the test.<br>It takes some time to get used to the way MCQs are formed in UPSC. It basically involves changing of certain keywords and going to the elimination method. Once you get the hang of it, it becomes very fast to tick or skip the answers. So your speed will improve with regular practice. After each test, click Your Attempts and then View Solutions, and rectify your mistakes.<br><br>Regarding current affairs, there is no need to prepare economy current affairs separately, as it is covered inside the course. For the rest, use the free monthly magazine: https://unacademy.com/content/upsc/downloads/<br>A beginner should focus on theory subjects first, not on daily current affairs videos. | 17/09/2026 21:44:36 | D10007 | Vedanshi Barot | Sir, I have a doubt regarding inflation management and tax policy. If GST on essential goods is increased, firms may pass the burden to consumers through higher prices, disproportionately affecting poorer households and potentially reducing overall social welfare and even the happiness index. Would it be more equitable to impose higher taxes on luxury and non-essential goods instead? While higher prices of essentials may reduce demand and eventually contribute to lower prices in the long run, given their relatively inelastic demand, do the short-term welfare losses borne by vulnerable sections outweigh the long- | That is the general policy of the GST Council day. daily essential items are mostly kept in 5%'s lab. Not remembering what you read and not being able to write answers are normal for someone who has just started. Answer writing needs command over content and vocabulary, which comes after you complete the syllabus, revise it 2 to 3 times and read newspaper columns for 4 to 6 months. You are 21, and the age limit for the general category is 32, so there is no need to panic.<br><br>If you have just completed college and your family is supporting you, then finish one year fully dedicated to UPSC preparation and coaching. Giving a State PCS exam right now will be futile because you have not completed the core subjects yet, and you will be competing against many people who have already qualified UPSC interviews in past attempts. It is better to first complete the coaching thoroughly, before giving Plan-B exams.<br><br>For the Maharashtra State PCS, I have not seen their papers, so I cannot make specific comments. Make an Excel file and do a topic-wise analysis of its previous years' questions. It will show you how much is covered in your present material and how much more you need to study.<br><br>For the complete list of Plan-B exams and career backup choices, please watch this video from the 26-minute mark onwards: https://youtu.be/t4oivH9xI4o?t=1570&si=xZ4FDDW04Bszy8vd |

Realistically i feel 2027 is long gone because subjects are far too much and puttin optional into it when i havent even appeared for prelims once ? that doesnt sound prudent and can go so wrong. should i just stick with what m doing right now and start optional around november December when half or maybe more than half of GS syllabus should be finished by then and i can devote good time to my optional subject? Thank you for your time... | • Start your optional now, running parallel with your GS subjects, not after. | 20/09/2026 23:31:10 | D10046 | Riyaz Mulani | Sir according to you which current affairs magzine is better ? Earlier I used to read Vision magzines but i think they have stopped publishing magzines because of their current issues and even if not then I can't risk my preparation on the fact that they will keep publishing magazine after knowing their current financial crisis. I tried reading Vajiram magzines 'Recitals' but I don't find it comprehensive enough....even though i feel that is more convenient to read. So I am confused as to which magazine I should refer for my preparation. | | | | LAST YEAR AND NOW GIVING MY 10 TO 12 HOURS EVERY DAY FOR UPSC PREPARATION\nBUT UNFORTUNATELY I COULD ONLY COMPLTE 2 SUBJECTS TILL NOW BECAUSE I HAVE STARTED PREPARING FROM JULU THIS YEAR \ nAND THIS YEAR THERE IS MARRAGE OF MY SISTER ON DECEMBER AND IT IS DESTINATION WEDDING \nI NOW HAVE TO SACRIFISE MY TIME FOR PREPARING BECAUSE ITS GHAR KI SHADDI AND I ALONE HAVE TO TAKE CARE WITH MY PARENTS OF EVEYTHING IN EVENT\nSIR THERE IS ALREADY LOT OF PRESSURE ON MY HEAD TILL NOW AND NOW I ALSO HAVE TO COMPLETE SYLLABUS AND ALSO LOOK AT MY HOME \nI AM FEELING LOT OF DEMOTIVATED AND INSECURED BECAUSE OF THIS PRESSURE \nI WILL TRY MY BEST TO MANAGE 2 TO 4 HOURS FOR EXAM PRPEPARATION TILL DECEMBER \ nPLEASE SUGGEST WHAT CAN I DO IN THIS SITUATION | Class URL: https://unacademy.com/class/upsc-orientation-strategy-roadmap/WV0Z4U9R<br><br>Timestamp: matter covered<br>• 14m: Beginners should not waste time on daily current affairs lectures — focus on theory first. Last one year's trend shows current affairs is not very decisive for clearing cutoffs, because majority of MCQs are either theory-based or 2-5 year contemporary issues.<br>• 20m: Deadlines to complete syllabus — ideally most things should be done by December-end.<br>• 21m: Unable to manage time with college/job, too many daily lectures — includes the batch vs course distinction.<br>• 28m: Which subject to complete first?<br># Time management ke liye Rule of thumb:<br><br>• If you can learn a topic in 20 min by reading, skip the 40-min video meant for weaker students. In my economic courses, watch videos for bitcoin, money supply, monetary policy, GST, income tax, currency exchange, and GDP formulas; other topics can be studied from handouts if time is short and you're sharp enough.<br>• Limit lectures to 5 hours/day; use remaining time for reading/self-study.<br>• Beginners should prioritize core theory subjects (history, geography, polity, economy) over daily current affairs videos. Complete these first.<br>• Complete major milestones: optional by Dec 2025, most GS (Prelims+Mains) by Feb 2026. If not possible, especially for non-EWS general category aiming for IAS, consider the next year's attempt.<br>• If you have a paid optional subject subscription, complete it first; other subjects like science can be managed via self-study, free classes, or YouTube. |

| **23/09/2026 22:33:12** | D10067 | Neha Singh | Sir mera doubt ye hai ki mne aapka first time batch dekhna start kra hai but m jab tak economics ke lecture dekhti hu tab tak yaad rhta hai uske baad recall nhi ho pata aur sir mujhe 2027 ka attempt dena hai jisme ki mera Indian geography, physical geography, ancient and mediaeval history, economics aapka chl rha hai aur indian polity ho chuka hai aur baki ke subject abhi rh rhe hai to sir m wo kese complete kru exam aane tak aur current affairs bhi nahi kiya | It is not enough to complete the video classes. In the lecture I only give an overview of the topic; the remaining facts you have to memorise from the handout. So follow this revision flow:<br>For economy, the revision flow should be as follows:<br>Reading1: morning after the last night class<br>Revision1: before the weekly test<br>Revision2: before the Mega Test (100 MCQ from all the handouts), 14th December 2026, end of PCB16 course<br>Revision3/4: February to May, paced via the Win27 series (starts February 2027, 2 classes per month till May)<br>Final glance before Prelims: glance over the index pages of each chapter. Only if you cannot remember something, then go through the actual content.<br>If you do more than this number of revisions, it is not going to improve your score, but it is going to reduce the time available for finishing other subjects. So now shift your focus to other subjects. |
